1 - What Are Asia Football Showcase?

Asia Football Showcase are firm believers that every aspiring footballer deserves an opportunity to showcase their ability and find out if they have what it takes to make it in professional football. We are aware that there are many undiscovered talented players and rough diamonds out there. We are looking to give a first chance to players who have “slipped through the net” and haven’t had the proper opportunities they deserve as well as players looking to come back into the game after being released. Asia Football Showcase takes pleasure in giving everyone that chance and opens the doors of opportunity. We run quality football trials for players aged 18-29. If you have the talent, we have contacts from all over Asia, for example: Thailand, Japan, South Korea, Laos to name a few. Our programs are for players looking for an opportunity to get a trial at a professional football club and are also useful for players who are not necessarily looking to get signed but want to improve their game and the level of football they are currently playing. 2 - How Are You Able To Get Scouts To Watch?

We provide an authentic opportunity our network of relationships with professional football clubs, coaches, scouts and club owners are linked strongly. Our staff at Asia Football Showcase are also ex professionals – with friends and connections inside of the game. We have access to clubs and coaches that others don't. Our record of finding players that clubs want to sign also makes sure that doors open for us when they are closed to others.

3 - What Are Scouts & Professional Clubs Looking For?

Each and every club/scout will be looking for different aspects of attributes in a players game. This will also vary from each football club's philosophy. For example a club scout may be instructed by club managers to look out for a ball playing center back, they will then look at their game and assess if they would be able to fit in their academy/professional set up. Furthermore, we believe there are three major aspects in Football.

- 1) Do you score goals?
- 2) Do you create goals/chances?
- 3) Do you stop goals?

Within these we believe if you have mastered one or two of these aspects, we believe you have a chance to really do something in the game whether that be semi pro or professionally.
