

You hold the power.

The Bencher election presents a choice. As citizens who will bear the burden of the Law Society of Ontario's decisions, we support FullStop.

Here's why:

We are living in a time of super-sized bureaucracies willing to use power to enforce certain perspectives. Through the autocratic use of disciplinary procedures, views that contravene the big bureaucracy, are suppressed and silenced.

Words are how we figure things out and we need a legal system that is open to diverse ideas, and fundamentally supports freedom of thought and expression.

We are members of the Ontario public, some battered by bureaucratic overreach, all of us troubled by the misuse of bureaucratic power. How do we halt the misuse of power? The Bencher election is a start.

Pull back the bureaucracy. Open up the conversation.

We see the FullStop candidates as the best choice to preserve an open and objective legal system for the people of Ontario. Please consider supporting the FullStop candidates.

Thanks for listening,

Cathy with Citizens for Justice
