A Message From Our Exalted Ruler

Melody Kennedy

Welcome February!!

January 28th the Lodge hosted a Paint and Sip event benefiting the State Special Project, The Childrens Therapy Program. There were twenty participants and we were honored to have an art instructor to circulate the room. Danielle Ankenman assisted John Harns with a tutorial of the chosen picture. Everyone enjoyed the experience, asking when we would have the next event.

February 10th is the State Hoop Shoot in Lacey, Washington. The winner will represent the State in Chicago in April.

February 17th and 18th is a combined Membership Drive and EZ Child ID event. Both will be open to the public. For those of you that are not aware, the EZ Child ID is a system that parents can sign up their children in case they go missing. The BINGO committee has purchased the system for the Lodge. It will be free and open to the public. This event will be open in the Lodge room from 11am to 4pm both days. Volunteers are needed for this double event to succeed. Please let me or the office know if you are available to help. There will be a key fob given to each family upon completion and the information will be deleted from our system. Please join me in thanking Ernie Bodoh and his committee for this generous donation.

February 7th nominations will be held for next years Officer Core .Your input and participation is needed. Nominations will occur on the first and second Wednesday of February. Election voting on the 3rd Wednesday.

This year closes on March 31st and I want to thank everyone for the support you have given to me and the other Officers. Tacoma Lodge #174 is better because of you.

Melody

**Lodge Membership Drive
&
EZ Child ID**

We are looking for volunteers to help with this event. If you have some time to help, contact a Lodge Officer for details.

The EZ Child ID is an incredible program that helps to protect our children and older adults. This is open to the public and is done at no cost to the participants.

Elks Care - Elks Share

From the Desk of . . .
Lodge Secretary
Lee Frankie

This year's winter convention was awesome as always. There were many seminars to attend and many Great ideas that might implement. Our Lodge has many activities scheduled for the next upcoming months. Remember to bring your ideas of what you would like to participate in, to a Lodge Officer.

Now is the time to pay next year's dues, we plan to start the process on February 1st. April 1st at 7 AM is not when you want to realize that your door card doesn't work.

February 7th at the Lodge Meeting will be the first nominations for the next year's Officer Corps.. Now is the time to consider if you would like to be a part of this incredible team. You can also think of others who would be an asset to the Tacoma Lodge Officer Corps.. Some work and time are required, however, there are many benefits being a part of this team. If you know of any Lodge Members that are Delinquent in their dues, help them to realize how important they are to the Tacoma Elks Lodge.

We hope to see you at the Lodge soon.

Fraternally,

Lee

Additionally, their commitment to community development is evident in the substantial investment of almost \$19 million through the Elks Community Investment Program. One of the hallmarks of the Elks' commitment is their support for veterans. Dear Elk Members,

As we welcome the upcoming spring, I wanted to take the opportunity to update you on some exciting developments at your home lodge. Over the past nine months we have been working hard on replacing the golf course irrigation system. Currently the project has taken longer than projected due to a few modifications and having less hole closures during the summer months. Fortunately, green fee revenues were ahead of budget between the months of May and September.

Last week the construction company finalized installing all the irrigation pipes, sprinkler heads and valves. One of the major modifications was adding a special wet well intake pipe with special filtration to reduce the chances of contaminating the system. Tomorrow the crew will be installing additional concrete into the wet well to support the intake pipe. Next week after the concrete cures the pump station and pump installation will begin.

The final stages will be to program all the sprinkler heads into the system, flush the irrigation system, resod and overseed. The new projected finish date will be the end of this month while hitting or coming in under budget.

I would like to thank everyone for all their support during this challenging time along with the entire staff. Steve, Lucas, and their staff have done an amazing job orchestrating all the course modifications throughout the past nine months. We are confident that Allenmore Golf Course will be one of the best conditioned courses in the area this coming season. I hope to see you on the links this coming season!

Sincerely,

Craig Moore, PGA

The Elks Therapy Program has existed since its inception to provide therapy services to children who might otherwise fall through the cracks. These might be related to insurance or transportation or limitations in access.

Elks therapists often find themselves as a part of “Team Suzy”, working to find the best solutions for their clients. Frequently these teams may be looking at how to bridge the gap between home and school; two of the places children spend most of their day. The team is helping to analyze the resources available in each location, evaluating what is working well and what improvements can be made to smooth the daily transition between the home and school environments.

A solution could be as simple as a communication journal, or it might be a collaborative approach to ordering equipment such as a wheelchair or activity chair, or a synchronization of one or more communication devices, such that the menus available to the child are the same between devices.

Time spent collaborating is frequently a win for everyone involved. Different members of the team are able to share not only their goals for the child, but the activities that have been successful in working towards that goal. Sometimes it is eye opening to see that what is working in one setting is falling apart in another setting, through no fault of anyone.

Elks Therapists are uniquely poised to help bridge the gaps and can play a valuable role when advocating for Suzy. We have the unique perspective to see the physical layout of the child’s environment, the interpersonal relationships, and dynamics of the family, and we are not limited by the “educational relevance” of an issue. We can pick up where another service leaves off. And as outside eyes, we can attempt to articulate why an intervention which may work in one setting, may not be as effective in another.

One Day a Month Join the Funtimers for Lunch and Cards

HAPPY VALENTINE'S DAY

The Funtimers are seniors who meet for lunch and card playing in the Urban Elk Restaurant once a month. We meet the first Wednesday of the month. If you are interested in joining us, Wednesday, February 7th is our next luncheon. Come join us and introduce yourself. We meet at 11:30 to beat the lunch crowd. Enjoy a good lunch and then play the card game "31" if you want to stay. It costs 3 quarters to play in the game.

It is with sadness that we announce the loss of one of our members, Barbara Turco. She was a dedicated member and always had a bright smile at every luncheon. We miss her.

Blast from the Past

A few weeks ago a question on Jeopardy involved the AMC Gremlin. A funny looking car that many may not remember, so let's take a look at it.

The Gremlin was designed by Dick Teague and built, by the American Motors Corporation (AMC), from 1970 to 1978. Although the second-best-selling car in AMC's history only 671,475 were built. It was named for the mythical creature allegedly said to be responsible for breaking machinery and causing airplanes to crash.

In a 1970 interview with Teague, he was candid and said "I don't think the Gremlin's going to win any styling awards. But at least the car has personality and character and has a different-looking little image." It turned out the Gremlin is said to be AMC's smartest car. It was inexpensive to develop and its timing was during the time the Ford Maverick, VW Bug, Chev Nova and the Vega were selling at higher prices.

At the time GM was developing new materials and manufacturing processes, the AMC Gremlin was completely void of any technical innovations. Many parts of the Gremlin were handed down from the Hornet including the Cam-in-block straight-six engine, four-wheel drum brakes, and a three-speed manual transmission that did not have a synchronized first gear. Anyone who has driven a manual transmission without a synchronized first gear knows what a wonder a synchronized first gear is! Young people may ask what happened to AMC. When one of AMC's stockholders, Renault, was having business problems, Chrysler purchased Renault's AMC shares as well as other stockholders' shares. AMC was renamed the Jeep-Eagle division of Chrysler, and was eventually merged into Chrysler in 1990.

As of 2023, Chrysler was merged into the Stellantis NV conglomerate, based in Amsterdam, Netherlands.
