

15" & 22" TOUCH KIOSK

Designed for your digital signage application

PALMER DIGITAL GROUP
Manufactured Kiosk Solutions
A Division of IEC

IDLK15/IDLK22

The PDG IDLK15-22 indoor landscape kiosk is designed to support Mimo Monitor's 15" and 22" touch displays. This kiosk is perfect for QSR self-ordering and restaurants that need a kiosk where people can use for takeout orders. It also works perfectly for corporate offices for check-in and check-out and any other setting where a small format touch kiosk is required.

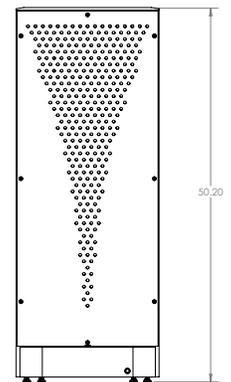

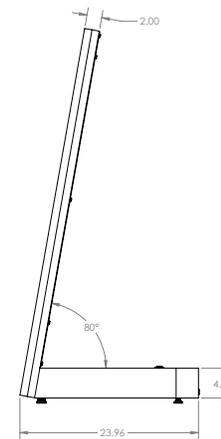

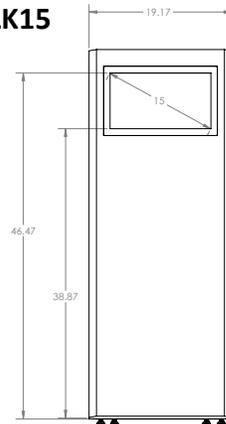

This kiosk is equipped with an access door on the base for media player storage and come with a double duplex outlet. The kiosk is also supplied with anti-slip adjustable rubber feet to ease in perfect leveling of the kiosk on any floor surface. It can also come with a card reader and camera as add-on options.

The kiosk is constructed using 14 GA. high impact steel and built to take public traffic and bumps and bruises. This kiosk can be painted any color you desire and can also include printed decals and kiosk wraps.
