

32"- 55" INDOOR TOUCH KIOSK

Designed for your digital signage application

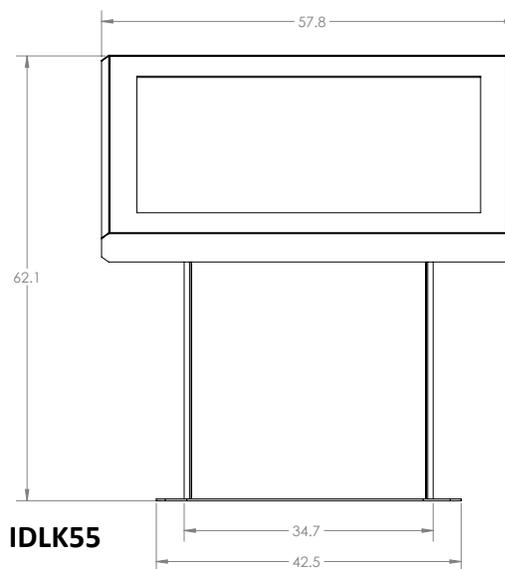

**IDLK55 SHOWN

IDLK32-55

The PDG IDLK32-55 indoor landscape kiosk is designed to support any commercial display from sizes 32" to 55". This kiosk can come in touch and non-touch using TSI Touch overlays. This kiosk features (2) gas springs that assist in lifting the hood for full access to the back of the display. The hood is designed with side bumpers to withstand hard hits from consumer traffic and packages.

This kiosk is part of PDG's family of indoor landscape kiosks and is perfect for content and CMS partners who want to buy and then re-sell to the end users.

The kiosk is constructed using 14 GA. high impact steel and built to take public traffic and bumps and bruises. It is perfect for malls, college campuses, retail locations and a host of other applications. This kiosk can be painted any color you desire and can also include printed decals and kiosk wraps.
