

The Herb Society of America

Wisconsin Unit

Please join us if you share a passion for herbs. No gardening experience is needed.

Our unit explores herb:

- Horticulture and landscaping
- Culinary uses and preservation
- History, poetry, and artistic uses

Our meetings include business discussions followed by an educational program and ends with an herbal luncheon created by and shared with unit friends and guests.

Visit to the Herb Garden at Boerner Botanical Gardens (BBG)

Our unit's lending library has wonderful titles and a very knowledgeable librarian. We have unit and national book clubs.

We publish *Sage Leaves*, a bi-monthly newsletter that contains recipes, business items, poetry, reports, a calendar of upcoming events, and horticultural information.

In March an exchange of members' surplus seeds is held after the meeting. There are also district and national newsletters and events to enjoy.

WI Unit Activities

Herb & Artisan Fair

Our unit holds a free Herb & Artisan Fair at Boerner Botanical Gardens (BBG) in May. Vendors sell plants, garden art, jewelry, crafts, herbal and food products. Also offered is a Tea Room with fresh herbal baked goods. Free herb-related lectures and a children's activity are available.

Grants & Scholarship Program

The income from the Herb Fair funds our Grants and Scholarship Program. The unit sponsors a Culinary Arts scholarship open to MATC and WCTC students and provides grants to various entities, including the BBG Herb Garden, Friends of Boerner Children's Educational Program, and several herb gardens at Old World Wisconsin.

Symposium

Our annual Herb Symposium at the Woman's Club of Wisconsin is held in April. Attendees enjoy an herbal continental breakfast, followed by a presentation, and concludes with a marvelous herbal lunch prepared by the chef and staff. Guests may visit the herbal tasting room, shop vendor tables, and enjoy other fun things.

Herb Study

We study the HSA Herb of the Month, and one meeting is dedicated to the study of the International Herb Association's Herb of the Year™ – its culture, history, lore, culinary, and other uses.

'... dedicated to promoting the knowledge, use and delight of herbs through educational programs, research, and sharing the experience of its members with the community.'

Our unit is a member of The Herb Society of America (HSA). HSA helps maintain the National Herb Garden in the National Arboretum, has a large lending library (3,500 volumes) and sponsors herbal themed district and national tours and symposia.

The Herbarist, a compendium of current herbal thought, is published annually. The website has newsletters, webinars, a blog, seed exchange info, and discount codes for Richter's, Botanical Interests, Grower's Exchange, Mt. Rose Herbs, RidgeCrest Herbals, *The Essential Herbal*, *Mother Earth News*, and others.

Discounted herbal courses are also available. Members may enjoy the benefits of the American Horticultural Society's Reciprocal Admission Program saving members money at 345+ botanical gardens and arboretums.
