These forms can be) (filled out and printed off from the "Forms Page" our web site www.dtsdiving.com) Divers Training & Supply, Inc is proud to have a strong educational philosophy. Your Instructor Peter R. Corbett has 3 earned Masters Degrees and over 30 years of educational experience in teaching, coaching, diving, and administration. We start every class and maintain throughout every program two Goals: Safety and Confidence during all activities. It is with this commitment to Diver Safety and Diver Confidence that we welcome you to this instructional program.

Course requirements: Each student will successfully complete the PADI course requirements to become an Advanced or Junior Advanced Open Water Diver. These requirements are met by classroom instruction, hands on practice, home study, textbook and / or DVD exercise assignments as well as in the water instruction and dive briefings as related to this curriculum. Some courses require a written examination as well. Once a diver has mastered their academic requirements of the class, they must complete specific dive activities under the direct or indirect supervision of their instructor in the open water. Some dive activities may be done in conjunction with other training type of exercises, activities, or other certifications. Students must be a minimum age of 12 and have instructor approval to participate in this curriculum. Instructor approval is designed to evaluate a student's maturity, physical ability, and the diving skills necessary to successfully and safely master the requirements of this specific curriculum.

There are 5 dives associated with the Advanced Diver Certification. Two dive activities, the Deep Dive, and the Navigation dive are chore requirements. Three of the 5 required dives are in specialty areas of the diver's choice and can be counted towards a specific specialty rating in that Specialty. For example: Night, Boat, Drift, Underwater Photography, Wreck, Underwater Hunter, Videography, Underwater Propulsion, Dry Suit, Altitude, Search & Recovery, Peak Performance Buoyancy, and many others..... although it is no longer required for an Advanced Certification Rating, I highly encourage and recommend a diver participate in a Night dive as one of their choices for Certification. It will dramatically boost your level of confidence and skill!!

Class instruction costs are follows:

* PADI Classroom and Pool Program Instruction (not including scuba gear or other specialty equipment)

* PADI materials \$83.87

* PADI Certification Fee and Card \$50.00

* Tax \$16.13

(The above fees listed do not include rental gear, trip and / or destination fees or expenses associated with traveling, to locations to complete Open Water activities)
