

## SCHOOLS

Your school's lunch offerings need to be as distinctive as its personality. We offer a range of customizable options, including packed lunches, on-site buffet service, cafeteria management and event catering. Whether you're looking for daily lunch delivery or party food for one thousand, we've got it covered.

To Schools, we are not vendors, we are your partners. With School Eatery, your school will be able to offer fresh, nutritious, and delicious options to your students, teachers, and staff.

Tired of watching students ditch school lunch or not eating at all? Losing lunch orders hurts financially and for school directors, emotionally. Do parents call and complain that lunch is boring or that their children didn't eat today? Let School Eatery solve these problems and provide you a solution. Are you spending much needed funds on providing students with lunches when their school account is negative or mom forgot to pack lunch that day?

We have a very simple solution here at School Eatery. We have seen the technology, the Internet, smart phones and apps take over younger generations along with ourselves. We have incorporated this into our lunch ordering platform that we are offering you today! Staff, parents and students can log into our website or our mobile app and place orders for the following day, the entire day or place orders for a month or two in advance. All order are placed directly through School Eatery, we handle all incoming and outgoing payments and in turn, lunches show up to the at the front door of the school, hot and fresh.

School Administrators get to focus on education, While School Eatery handles all lunch responsibilities. Let us give you your time and focus back while we take care of the rest!
