2021 Rule(s) Bulletin

Bulletin 2021-3A Take up spring clarification.
August 14, 2021

Effective August 14, 2021

In regards to Rule 25.13

A take-up spring is used to keep the main spring firmly in the spring perch preventing it from becoming loose at full drop.

An acceptable take-up or helper spring within the 2021 STARS rules will be a flat coil spring with a wire thickness of no more than .125" flat to flat.

An acceptable spring is an Eibach part #HELPER188.

You may also use a spacer to keep the main spring and helper spring together.

Any questions concerning this bulletin can be directed to the undersign at 515-205-1258 or e-mail me at modlitestars@gmail.com.
