INSULATED FOOD CARRIERS

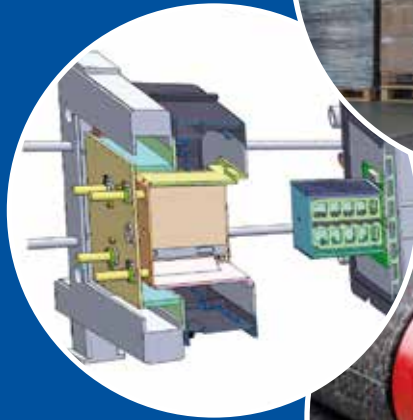

2023 - 2024

Insulated Food Carriers

- > robust, made of EPP
- > durable and ultra lightweight
- > excellent insulation attributes from -40° up to +248° F with high thermal stability
- > safe food transportation: for hot, cold and fresh food
- > hygienic and dishwasher-safe
- > 100% recyclable
- > in compliance with EC-regulation 1935/2004

Experience creates confidence

Since 2001, as a leading manufacturer of Expanded Polypropylene (EPP) products, more customers have placed their trust in us. We offer a comprehensive product range for professional use of break-resistant transport and insulated containers made of EPP.

Reusability is our commitment to the environment

The use of EPP allows the production of environmentally sustainable, reusable and totally recyclable containers, ideal for long-term professional use, under a wide range of moisture and temperature conditions.

Technical know-how

The design team of THERMO FUTURE BOX is constantly developing new concepts with the goal of designing and producing feature-rich products that are exceptionally versatile.

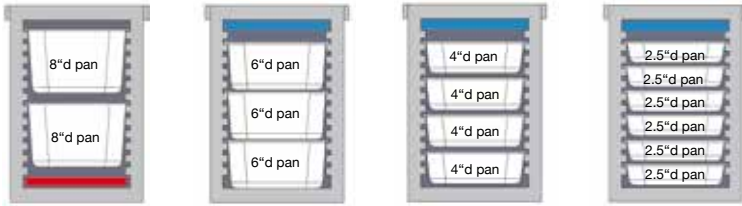

EPP = Expanded Polypropylene, free of CFC
