1. Read through 1 Corinthians 15:20-28. What happens at the end, specifically to the church?

2. Many Christians struggle to answer the charge from others: "You in the church of Christ think you're the only ones going to Heaven." Why do you think people say this? Is there a way to answer this truthfully and tactfully?

3. Since we are discussing the church at Judgment, it is needful to answer another question. Will all members of the church of Christ be saved at Judgment? In other words, does just being a member of the church guarantee salvation?
