<p>Music is a world within itself          With a language we all understand          With an equal opportunity          For all to sing, dance and clap their hands</p> <p><b>Prechorus</b>          Just because a record has a groove          Don't make it hit the groove          But you can tell by the dance that lets you in          When the people start to move</p> <p><b>Chorus</b>          They can feel it all over          They can feel it all over, people          They can feel it all over          They can feel it all over, people, go!</p> <p><b>Inst</b></p>	<p>Music knows it is and always will          Be one of the things that life just won't quit          But here are some of music's pioneers          That time will not allow us to forget, no</p> <p>For there's Basie, Miller, Satch-a-mo          And the king of all, Sir Duke          And with a voice like Ella's ringing out          There's no way the band can lose</p> <p>You can feel it all over          You can feel it all over, people          You can feel it all over          You can feel it all over, people</p> <p>You can feel it all over          You can feel it all over, people          You can feel it all over          You can feel it all over, people</p>	<p><b>Inst</b></p> <p>You can feel it all over          You can feel it all over, people          You can feel it all over          You can feel it all over, people</p> <p>You can feel it all over          You can feel it all over now, people          You can feel it all over          You can feel it all over, people</p> <p>You can feel it all over          You can feel it all over now, people          You can feel it all over          Everybody all over</p> <p><b>Inst</b></p>
