

INVEST IN BIMINI BEACHWEAR

Bimini Beachwear is a new startup clothing and accessory company based in South Florida that has multiple trademarks to its name. We offer a line of clothing and accessories for men and women that represent the yachting/boating lifestyle.

OUR BRAND

Bimini Beachwear is priced in a sweet-spot between brands like Nautica, Tommy Bahama and Ralph Lauren. With all companies providing similar quality clothing, Nautica sits at the lower level of pricing with polo's averaging about \$38 (including sale priced polo's) and Tommy Bahama and Ralph Lauren are in the higher priced markets of roughly \$100 for the average polo shirt price. Bimini Beachwear is in between these companies with an average MSRP of \$67 per polo shirt.

Bimini Beachwear also offers items and services to the yachting/boating scene that these other companies do not. Our flagship custom offering is handmade porcelain dinnerware made in Europe (Portugal) that can include a motor yacht or boat owned by the person as well as the name of the motor yacht or boat. Our shirts can be modified to include the embroidered name of a motor yacht or boat on the back just under the neckline.

Other offerings that set us apart are custom designed Bimini Beachwear logo watches, fishing reels, wallets, arch supporting sports socks, sunglasses and much, much more. We plan to introduce Bimini Beachwear boat shoes, boat/housewares (towels, linens, candles etc), additional unique fishing gear etc.
