

Overtaking Dual carriageway

Take a smooth line around the vehicle and don't cut-in too quickly.
(When the vehicle you have overtaken appears on your centre mirror, it is safe to change your lane)
Check your centre and left mirrors then indicate left before moving back to left lane and keep up with speed limit.

Overtake quickly as possible without exceeding speed limit. Avoid driving inside others blind spot for long time, especially if you are overtaking a long vehicle.

Check your centre and right mirrors one more time before changing your lane. Steer smoothly and take your time.

Indicate right to inform traffic around you. Keep a safe gap between you and the vehicle in front.

Watch for vehicles changing their lanes and give them priority.

Check your centre and right mirrors to check how fast vehicles approaching from behind you and quick glance through right window to check your blind spot.
