

STOPPING (MSM routine)

Steer back to 12 o'clock

Press Clutch pedal down first and brake pedal after.

Change to neutral and secure your car.

Steer Right 5 minutes

Cover Clutch and Brake pedals and ready to stop.

Steer Left 5 minutes

Move

Use your reference point to bring your car to parking position. Don't steer too sharply to avoid brushing or mounting the kerb.

Signal

Indicate left to inform traffic around you if it is safe to park. What can be the consequences of not indicating before pulling up?

Look for a Safe, Legal and Convince place to park. Do you know where you can't park your vehicle?

Mirrors

Check your centre and Left mirrors. WHY?
