Express Engineers Saudi

For Tools & Equipment Renting

INTRODUCTION

Express Equipment Rentals is a generator rental company based in Dammam and its operations are spread across the kingdom of Saudi Arabia since 2017 and also it has a registered head office in Delhi, India. First opened the industry door in 1988 in India, with our cosmic experience of more than 25 years, we raised up a ladder of captive power supply with Gensets on Rental. We offer a pack of power supply for emergency/stand-by/regular requirements. The company runs by the technologist with extensive professional experience and supported by advance infrastructure facility. The company offers cost effective sound proof DG sets and panels with its focus on quality, customer satisfaction, value addition, evolution up gradation and ethics. We have our own team of dedicated engineers with two decades of experience in the field of Generators and other related products and have equally dedicated and experienced field staff to cater to site conditions and offer an excellent customer care service. Additional factors like team work and training have greatly enhanced our present success and will form the cornerstone of our future efforts.
