The Little Traverse Lake Association is 100 percent focused on protecting and promoting the well-being of the lake and its community. We've all seen evidence of what happens when a lake community does not take this job seriously: water quality and the ecosystem are harmed; recreation and enjoyment is curtailed; residents' investments are potentially jeopardized. The Little Traverse Lake Association is determined to chart a better path. None of this is possible without your donations and support. **We request each member consider contributing at least \$350 annually** – an amount deemed necessary to sustain the ongoing work we have done and new initiatives going forward.

Our lake and community's lifeblood depends on you. Please support the work of The Little Traverse Lake Association

**LTLPOA has been approved by the IRS as a tax exempt 501c3 organization. Your donations may be tax deductible. A receipt for your donations will be provided.**
