

## FREE RESOURCE

Earn CEUs from North American Technician Excellence (NATE) & North American Board of Certified Energy Practitioners (NABCEP) by completing certain courses within the SkillMill™ platform.

The image shows a promotional banner for SkillMill. The background features a dark, industrial setting with a large, ribbed cylindrical component, possibly a heat exchanger or part of a power plant. In the top left corner, the 'Interplay Learning' logo is visible. The top right corner contains a navigation menu with items: 'Training Products', 'Industries', 'Solutions', 'About', and 'Resources'. The main headline 'Meet SkillMill' is centered in large white text. Below this, the sub-headline 'Your Fastest Way to a Skilled Workforce' is displayed in bold black text. Underneath the sub-headline, a short paragraph reads: 'Get the immersive training your team needs all in one easy-to-use learning platform.' Two orange buttons are positioned below the text: 'WATCH PRODUCT TOUR' and 'SCHEDULE DEMO'. To the right of the text, there is an illustration of a laptop, a tablet, and a VR headset, all displaying the SkillMill interface. At the bottom right, the 'SKILLMILL' logo is prominently displayed in large, bold, orange and blue letters.

**You can now earn NATE Continuing Education Units or hours (CEUs) when you complete Interplay Learning HVAC courses.**

This will help you gain the 16 CEU hours you need to re-certify every two years. HVAC/R technicians with two or more years of HVAC/R experience can earn installation or service certification in one or more of the 21 specialty areas offered by NATE. Certification requires that the technician passes both the core exam and an installation or service exam for a specialty. But then, you need to earn 16 CEU hours every 2 years.

Enter your NATE ID here, and everytime you complete NATE approved courses, hours that you have earned will automatically be sent to your NATE account.
