

myON by Renaissance®

DIVE into a
GOOD BOOK!

Dear Families,

Your student(s) are using Renaissance myON Reader™ this year in school. myON Reader is an engaging online collection of thousands of enhanced digital books that can be accessed in school, at home, or anywhere in the community where you have Internet access!

With myON Reader, students can also download books for offline reading using free mobile apps. Students and families can access these digital books for individual reading, homework, research, and fun!

This personalized collection contains more than 6,000 digital books for every age, interest and reading level that will keep students engaged outside of school hours, too! As parents and guardians, you will be able to see your students' reading progress on their digital dashboards.

We hope you find this program as exciting as we do and will join us in investing in your students' literacy success. You will receive more information on myON Reader in the coming weeks. If you have any questions in the meantime, please feel free to contact me or your child's teacher. Remember to encourage your students to read at home!
