The Learning Tree means growing children...

Growing Bodies: The Learning Tree offers a variety of constructive areas to explore. We provide a wide range of activities that assist in gross motor as well as fine motor development. Climbing, sliding, building, painting, cutting, doing puzzles and many more activities help children to grow.

Growing Feelings: The Learning Tree knows that a young child develops sensitivity, self-motivation, creativity, and confidence when involved consistently in happy and successful experiences. All experiences are geared toward success and appropriate to each child's age and abilities. We help children to grow socially and emotionally.

Growing Friendships: The Learning Tree is aware that children mature as individuals and also as members of a group. Our warm and understanding teachers guide your child in sharing space, materials, playthings, attention, and affection. Getting along happily and successfully in a group of children is an important way to grow.

The Learning Tree means serving families...

The Learning Tree staff members have specialized training in Early Childhood Development and are highly qualified to teach preschool children. Feel free to get to know the teachers and keep communication going. They are there to help you as well as your child with any concerns.

The Learning Tree presents materials and experiences that encourage children to explore numbers, letters, colors, shapes, and many other basic concepts at their own pace. Our curriculum is based on monthly themes that keep children stimulated and interested in learning and growing.

IMPORTANT INFORMATION FOR PARENTS

CAREGIVER BACKGROUND CHECK PROCESS CALIFORNIA DEPARTMENT OF SOCIAL SERVICES

The California Department of Social Services works to protect the safety of children in child care by licensing child care centers and family child care homes. Our highest priority is to be sure that children are in safe and healthy child care settings. California law requires a background check for any adult who owns, lives in, or works in a licensed child care home or center. Each of these adults must submit fingerprints so that a background check can be done to see if they have any history of crime. If we find that a person has been convicted of a crime other than a minor traffic violation or a marijuana-related offense covered by the marijuana reform legislation codified at Health and Safety Code sections 11361.5 and 11361.7, he/she cannot work or live in the licensed child care home or center unless approved by the Department. This approval is called an exemption.

A person convicted of a crime such as murder, rape, torture, kidnapping, crimes of sexual violence or molestation against children **cannot by law be given an exemption that would allow them to own, live in or work in** a licensed child care home or center. If the crime was a felony or a serious misdemeanor, the person must leave the facility while the request is being reviewed. If the crime is less serious, he/she may be allowed to remain in the licensed child care home or center while the exemption request is being reviewed.

How the Exemption Request is Reviewed

We request information from police departments, the FBI and the courts about the person's record. We consider the type of crime, how many crimes there were, how long ago the crime happened and whether the person has been honest in what they told us.

The person who needs the exemption must provide information about:

- The crime
- What they have done to change their life and obey the law
- Whether they are working, going to school, or receiving training
- Whether they have successfully completed a counseling or rehabilitation program

The person also gives us reference letters from people who aren't related to them who know about their history and their life now.

We look at all these things very carefully in making our decision on exemptions. By law this information cannot be shared with the public.

How to Obtain More Information

As a parent or authorized representative of a child in licensed child care, you have the right to ask the licensed child care home or center whether anyone working or living there has an exemption. If you request this information, and there is a person with an exemption, the child care home or center must tell you the person's name and how he or she is involved with the home or center and give you the name, address, and telephone number of the local licensing office. You may also get the person's name by contacting the local licensing office. You may find the address and phone number on our website. The website address is <http://cclid.ca.gov/contact.htm>

INTRODUCING THE FAMILY APP

♥ Updates on your child's day - straight to your pocket ♥

Available on mobile and online, Famly is a new app that we'll be using to stay in touch, manage invoicing, and save us precious hours on our admin time here in the setting. Here's what it will mean for you:

Famly will give us time back to spend with your little ones. It gives us lots of tools to help with our admin, and the fully encrypted, GDPR-compliant app also allows us to access important child information quickly. You can report sickness, holidays, and update permissions too.

Your login will have a personalised feed where we can update you with pictures, videos, observations and announcements throughout the day. With these real-time updates, straight to your pocket, you'll get to stay involved in the child's day.

We can send invoices straight to you in-app, and even handle payments via card and direct debit, meaning that paying directly in the app could be an option too. A simpler system for us also means easier booking of sessions and add-ons for you.
