Bye Bye Winter Hello Spring! By Joanne Thompson

Winter was a crazy up and down ride at the beaches in Brunswick County this year with temperatures swinging from 70's to 40's in what seemed like moments. Hopefully we are going to remain in true spring mode for a while as we ease into summer.

Many businesses closed for parts of January and February for much needed rests and renovations.

Sebby's, on Long Beach Rd. between Southport and oak Island, transformed into a more relaxed pizza place with lunch offerings, moving away from breakfast.

Eggs Up, located near the new Lowes off 211 opened up to pick up the breakfast slack. It has fast become a welcomed addition not only for breakfast.

Carolina Coastal Cafe in Southport, known for freshly baked cinnamon buns, has expanded it hours and is open for dinner as well. They

are open 8am until 7 pm Tuesday through Saturday.

Koa Cafe, in Southport, continues to serve meals that emphasize fresh fruits, vegetables, and gluten free choices. Their outside dining is dog friendly.

Salt 64 closed for a little remodeling and **Joseph's Italian Bistro's** bar has a new look.

Southport Suzie's Fro Yo and Vine located in the Big Lots Shopping Center off Long Beach Rd. is working on opening soon. It will have frozen yogurt and desserts, outdoor seating and wine and craft beer. Quite the combination!

Carolina Crab Brewery is also closing in on a spring opening that promises great fun.

Fixin's on Oak Island in addition to a solid menu of Southern home cooking and a daily blue plate special that locals have fallen in love with, has a new, cute little delivery vehicle.

Imagine hot tasty food delivered to your door... wow!

Paul's of OKI also has delivery and has recently opened up the restaurant area separate from the sports bar to accommodate families and a quieter atmosphere.

After a few years of inaction, it is said that the **Pirates Deck** on Oak Island is weeks from opening. Stay Tuned.

Outer Banks Boil Company-Oak Island is opening this spring next to the Publix Market. This is the company's 10th store and 4th location in North Carolina. It specializes in signature seafood boils for take-out or catering.

Bald Head Coffee, located at 1433 N. Howe St. behind the Wingate Hotel in Southport, has exciting news Bald Head Coffee is opening its first Coffee and Tea house in Southport Boiling Spring Lakes area this summer at 3481 George 11 Highway,

Suite 1. Featured will be drive thru, coffee bar and private tea parties, coffee tastings for team building businesses and customers and occasional live music.

Fizzy Jane's Restaurant and Lounge located near the Southport Marina, promises great fun and entertainment for boaters, locals and visitors alike.

The Inn at Southport, formerly the Inn at River Oaks has a new, appealing, dragonfly logo that captures its more updated atmosphere.

This spring when looking into renovations and a fresh new look for your home do not forget local businesses can help. **Sunspace** on Long Beach Road for porches, sunrooms and decks. **All in Bloom** in Southport, has you covered with an extensive selection of plants, shrubs, trees and landscaping.

Dosher Foundation Heart to Heart Event Raises over \$21,000

Dosher Memorial Hospital Foundation held its 9th annual Heart to Heart event on Thursday, February 2, 2023 at the St. James Community Center. The sold-out event raised over \$21,000 to benefit Doshier Hospital Cardiac Rehabilitation Center.

The 240 guests heard from guest speaker Dr. Maritza Manrique-Kiniry, a board-certified gynecologist provider at Doshier Medical-Women's Health, who shared her journey of heart failure and recovery, along with sharing indicators of heart disease that shouldn't be ignored. Meredith Muehlieb was also a guest speaker who shared her personal "heart story" and her road to recovery through the Doshier Cardiac Rehabilitation Center. Entertainment was provided by the Brunswick Harmonizers.

Lynda Stanley, President and CEO of Doshier Memorial Hospital, said, "This program provides a unique combination of fundraising, heart health education, and camaraderie for those who attend. We are grateful for the speakers, volunteers, and community supporters who helped make this year's event a success."

Antonette (Toni) McAndrews added that "This year's event was a success due to the continuous and generous support of event sponsors, auction donors and attendees".

The Doshier Memorial Hospital Foundation was established and began operating in March of 2010. The Foundation's primary responsibility is to encourage a steady flow of funds to the hospital from indi-

viduals and organization within the hospitals' service area. These funds enable Doshier Hospital to continue providing its patients with the finest healthcare equipment, programs and services possible, as well as provide the resources necessary for construction expansion and remodeling projects.

For more information about the Doshier Memorial Hospital Foundation, visit www.doshier.org or call (910) 457-3936.

Doshier Memorial Hospital Receives Advanced Hip & Knee Replacement Certification

Dosher Memorial Hospital announced that it has received Advanced Hip & Knee Replacement Certification from DNV. This certification affirms an organization's excellence in orthopedic surgery within the scope of hip and knee arthroplasty and related procedures inclusive of initial diagnostic services, surgical services, and therapies related to hip and knee replacement care.

"Advanced Hip & Knee Certification informs our community that we have the resources and commitment to provide the best possible care for Hip and Knee replacement," said Lynda Stanley, President and CEO of Doshier. "Our hospital has taken a number of measures to ensure we have the right equipment, personnel and training to exhibit excellence in orthopedic surgery within the scope

of Hip and Knee Replacement, from diagnosis to treatment, education, and rehabilitation. In 2021, we took a significant step toward enhancing our orthopedics program through the implementation of robotic arm assisted surgery for both hip and knee replacement. Our robotics program, combined with a patient focused staff, and our commitment to health and safety, are all measures which have contributed to us achieving this certification."

Join Our 2023 Women Build - May 2023

Women Build seeks to bring women together to help female home buyers overcome barriers to homeownership. As a community of 300+ strong women, we will accomplish two incredible feats:

Raise at least \$100,000 to make homeownership a reality for two women building and purchasing homes with Cape Fear Habitat.

Volunteer on-site to participate in the construction of these homes, which will be built primarily by women.

How Do I Join?

Women create teams of 10, and these teams each raise \$5,000 (or

\$500 per person) to fully sponsor the materials for a home. These teams come together during the two-week-long event to volunteer alongside each other and the future homeowners to build the homes. Individuals can fund raise independent of a team and volunteer one day during the two week event. The women volunteering come from different companies and organizations across the Cape Fear region to partner alongside two single moms in their journeys to homeownership.

Want to Donate or Form a Team?

Contact Christina Ferris at christina@capefearhabitat.org or call (910) 762-4744 ext. 102.

Is a Weatherization Loan Right for You?

If you've been considering an energy efficiency project, whether it's DIY or one that requires a licensed professional, a Weatherization Loan can help. BEMC Members can apply for a loan up to \$10,000 for commercial projects. Terms can be as long as 60 months, and payments are included with your monthly electric bill. Often the amount of the loan payment is offset by energy savings.

Togetherwesome.com has a list of energy efficiency ideas for you to consider. Eligible projects include new heat pumps with a minimum 15 SEER rating, new electric or solar water heaters, ENERGY STAR replacement windows and doors, insulation of all types, and duct repair or replacement.

If you own your home served by the cooperative, receive a monthly electric bill and have two years of service with a good payment history, the loan process is simple.

- 1) Choose a contractor (must be licensed for heat pump installation)
- 2) Obtain cost estimates
- 3) Complete an application at any BEMC office or at bemc.org/weatherization-loans

You will be notified of the status of your application within 24 hours. We want to make it as easy as possible for you to be as energy efficient as possible. As always, call (800) 842-5871 to speak with one of our energy experts about any questions you may have.

Dosher Drug Drop Set for Thursday, April 6

The 24th semi-annual "Operation Medicine Cabinet" drug take back event at Doshier Memorial Hospital is scheduled for Thursday, April 6, between the hours of 9:00 am and 1:00 pm. Local residents are invited to drop off unwanted and expired prescription medications at the hospital front entrance, where law enforcement then takes what is collected for safe incineration. One of the conveniences of this event is that it is designed so that you can "drive through and drop off," without

having to leave your car.

At Doshier's last drug drop in October 2022, over 800 local households discarded more than 15,000 expired or unwanted narcotic pills and nearly 2,300 milliliters of narcotic liquids.

Doshier welcomes the opportunity to provide this service to local residents. For questions about Operation Medicine Cabinet, call the Doshier office of Marketing and Community Relations at 910-457-3900 or email ileneevans@doshier.org.

Approximately 23 of the Town's Beach Access Locations are designated for Emergency Vehicle Access. These locations feature a wider path over the dunes, as well as a modified parking layout. Those differences help to accommodate the trucks, boats, and other equipment first responders use when responding to a medical or other emergency on the beach.

When parking in these locations, keeping the pathway clear is critical, as this allows for emergency vehicles to access the beach. This includes both the parking lot and the beach itself. Vehicles should not be sticking out into the path of travel, nor

should beach equipment such as tents, chairs, and blankets be left in the path.

Southport Presbyterian Church Donates \$25,000 to Brunswick County Habitat for Humanity

Southport Presbyterian Church donates \$25,000 to Brunswick County Habitat for Humanity for sponsorship of building a home.

Brunswick County Habitat for Humanity (BCHFH) and Southport Presbyterian Church (SPC) announced today that Southport Presbyterian Church has donated \$25,000 towards the building of a partner family home in Southport, NC. This generous gift will offset \$25,000 worth of costs incurred by BCHFH for the building of one of their newest partner family homes in the Sea Pines subdivision of Southport, NC.

“Since 1976, Habitat’s work has been built on a foundation of faith. As a Christian Ministry, we have a long history of partnering with local churches to deliver housing to the community. Churches often provide lunches to our construction sites, volunteers to build, mentors, prayer, and spiritual support to families in the program,” said Carlo Montano, Habitat’s Executive Director. “We are very blessed at the commitment and generosity of SPC, and hope to work with other churches in the county as well.”

All who desire to be a part of Habitat work are welcome, regardless of religious preference or background. Habitat also has a policy of building with people in need regardless of race or religion.

“Being a Habitat House Sponsor is a wonderful opportunity to partner with our community while fulfilling part of Southport Presbyterian Church’s (SPC) mission, which commits us to care for our neighbors

and act as faithful stewards of God’s abundance,” said Laura Cacchione, a member of SPC’s Mission Ministry. “One of the guiding principles and values of our church is to serve others with humility, compassion and justice, so this project enables us to carry out our mission and support our values.”

About Brunswick County Habitat for Humanity

Brunswick County Habitat for Humanity (BCHFH) is a local nonprofit that brings people together to build homes, communities, and hope. Our vision is a world where everyone has a decent place to live. We achieve this by providing a path to home ownership for families that would not have the means to do so on their own. Habitat works side by side with partner families who have a need for housing, a willingness to partner and the ability to pay an affordable mortgage. Upon completion of each home, the partner families purchase their home through a below market interest mortgage loan. Since being founded in 1993, BCHFH has built 78 homes in Brunswick County. BCHFH relies on the funds from donations, grants and the revenue from three thrift stores, called ReStores to fund our mission.

About Southport Presbyterian Church

Our vision is to be an accepting spiritual home for all, actively glorifying God, sharing in the love of Jesus Christ and witnessing to the power of the Holy Spirit.

2023 REVALUATION

BRUNSWICKCOUNTYNC.GOV/REVALUATION

Here are some things to keep in mind as you prepare to receive your new assessed value: <http://ow.ly/oeHW50MRVfE>

An increase in your property value does not necessarily mean your tax bill will increase.

It is impossible to determine how your new assessed value affects your property taxes until the county, your municipal government, and/or other public entities that serve your property adopt their FY 2024 operating budgets and set tax rates (typically in late spring/early summer).

Property values will not change

uniformly throughout the county or even within your city or town—a lot depends on market conditions and recent sales in your neighborhood. Your assessed value could increase, decrease, or remain the same.

Your property taxes are distributed to your county, municipality, and/or other public entities to provide essential services like education, public safety, ambulance service, fire protection, health clinics and inspections, parks, libraries, planning and community enforcement, municipal roads, and more.

Southport Forestry Committee Calling All Giant Oaks to Membership in the Live Oak Society

If you have a live oak on your property that measures 8' or more in circumference (96" or more) at a point 4 1/2 feet above the ground, it is eligible for membership in the Live Oak Society. Trees, not their owners, are the members, and the president of the Society is the largest live oak in the nation, currently the Seven Sisters Oak in Mandeville, Louisiana. That oak is nearly 40 feet in circumference and is estimated to be at least 1,000 years old.

If your live oak, at 4 1/2 feet above the ground, measures between 8' and 16' in circumference (between 96" and 192"), it is eligible to be a Junior League Tree. If it measures more than 16' in circumference (more than 192"), it is eligible for membership as a Centenarian Tree.

The Live Oak Society was established in 1934 to promote appreciation for and preservation of the live oak tree. It is operated under the auspices of the Louisiana Garden Club Federation and has only one "human" member, a chairperson who is responsible for registering and recording the members, that is, the trees.

Southport should be well-represented in the Society but currently has only two members: the Bay Street Oak (owned by Jill & Wayne Berry) and Hardee's Sweetheart (owned by Carol Bailey). So many more of our oaks are eligible, so the Forestry Committee is launching a campaign

to help owners secure membership for their trees.

The application process is easy. Just go to <https://www.lgcfinc.org/live-oak-society.html> and download and print the Live Oak Registration Form. Complete the form and mail it via the U.S. postal service to the address on the form. Use a separate form for each tree you wish to register. There is no fee to register your tree(s) with the Society, although donations are always welcome.

If you would like assistance, contact Scott Len, chair of the Forestry Committee, at scottlisalen@hotmail.com or Roxie Smith at rrs20@columbia.edu. They would be happy to come and help with measurements.

Let's give our trees the recognition they deserve!

Oak Island to Get a Taste of Outer Banks with New Seafood Boil Company

Oak Island will have Outer Banks Boil Company opening in the two-year-old Publix Shopping Complex at 5003 E Oak Island Dr. It's slated for a May opening if everything goes according to plan with the unit's upfit. (Courtesy photo)

OBBC founder and CEO Matt Khouri first launched the company as a side gig after college in 2012 and has grown the operation to 10 stores in five states. (Courtesy photo)

It goes through roughly 50,000 pounds of shrimp a year, Khouri said, and sends out one of its specialty items, cornbread muffins, in droves.

OBBC offers ready-to-cook pots stuffed with jumbo shrimp, andouille sausage, corn, and red bliss potatoes, each packed with the special-blend seasoning created by J.O Spice Company in Maryland. Add-ons include snow crab, lobster tails, clams, mussels and scallops.

The sausage comes from Crescent City Meat Company out of Metairie, Louisiana. OBBC also has its own pilsner, Boil Beer, brewed by Big Ugly Brewing in Chesapeake, Virginia, which customers can choose to add another flavor profile. Khouri's cocktail sauce comes with every order — jars of it are also sold separately.

The pots can be ordered for diners to cook at home — complete with instructions, starting with boiling the potatoes but then layering everything else to steam so each ingredient maintains its individual taste.

For those who aren't seafood-eaters, the company also provides barbecue, procured from Greensboro vendor Brookwood Farms.

"We also work with local fishermen and farmers in each market," Khouri said.

Khouri said being mobile and versatile has been the key to the business' success — featured in Forbes and Entrepreneur magazines. In Corolla, OBBC is doing 20 caterings a night and sending 70 pots out the door during the height of tourist season.

"We don't have cooking equipment in the shop — no fryers or stoves. Since it's takeout, you pick up the pot, take it home and follow the instructions. It's super easy."

But for parties of 10 or more, they suggest catering, where boilers set up on site, employees cook everything and handle the cleanup after. They'll offer this from Sunset Beach to Bald Head Island in Brunswick County.
