From the Office of the President

June 2023

Wow! What a fun month we have had. So many things to do with our cars now. Such as cruise nights, car shows and festivals. I hope everyone can get their cars out and enjoy whatever makes you happy! The weather has been great! (Not for the plants & grass) And it looks good for some time now. Summer is finally here!

May was busy with club events too. Fred Marano put on an awesome Poker Rallye to Starved Rock State Park, where we then had lunch. It was such a fun day! The 3rd outing of “The best burger contest” at Alley 64 in Palatine is in the books. Thanks, Chris Strohm, for picking another great place. Our first regional autocross fundraiser was on Memorial weekend in Rantoul. Linda, Dan & I attended. We will be back in Rantoul on June 10-11 for Northern Rays autocross event. Please consider coming down & helping out for a day.

Our “Search for the Best Burger,” continues, Next up.... Jaxx Pub in Glendale Heights on Thursday, June 22nd. I won the pick for the 4th & final location for this round. We will be picking 4 new locations at our June meeting! We will be doing the 4th of July parade in Niles again this year. Please attend and feel free to invite your Corvette friends to join us! The Niles community looks forward to seeing all of our awesome Corvettes, so the more the merrier!

This month is the 2023 National Corvette Convention in Bowling Green, Kentucky June 24-30, 2023. I’m so happy that we have eleven members going this year. It’s going to be a blast!

Hope you can join us for our next membership meeting on June 13, 2023 at Real Time Sports in Elk Grove Village, IL. Pizza at 7, meeting starts at 7:30. Until then.....

Happy Motoring and remember to Save the Wave.

Meeting Location - Real Time Sports, Elk Grove Village, IL
- Pizza was served at 7:00 p.m.
Meeting called to order at 7:30 p.m. by Diane Wagner

Diane noted the raffle gifts, which will be drawn later during the meeting.

The Spring 2023 Blue Bars has been issued with the cover featuring Northern Rays Ltd. 50th Anniversary photo along with additional article and photo on page 25. This issue also featured 2022 Ladies Champions of Auto Cross with Linda Fairlamb finishing 10th in the nation. This year although early, Linda is 1st in the region with Diane hot on her tail in 2nd.

The Second outing for the Best Burger Contest was at Main Street Pub on April 27th with another great turnout with 19 members attending. Diane is keeping the ballet tallies a secret until the end of the contest. Next up is Chris S.'s suggestion, which is revised to Alley 64 Bar & Grille on May 25th, in lieu of Chiggy's due parking constraints. Alley 64 is located at 2001 N. Rand Rd., Palatine, IL. 60074. Remember to bring a \$1.00 to enter the event with voting rights. You must be present at the event to enter judgment "no mail in ballets". The final location for the first round will be June 22nd at Jaxx Pub in Bloomingdale as suggested by Diane W.

Our NRL Spring Fling Diner at Angelo's in Elmhurst set up by Santo and Kim on Apr. 22nd, was a hit, with plenty of good food and another great turnout.

Parliamentarian Report:

Linda F. reread the new verbiage and discussed the changes proposed for the Bylaw change #2023-03 Article II, Section 3 & 4 & 6 Dues and Fees & Privileges & Expulsion. Ballots were passed to each of the present 23 members for voting and placed in our official ballet box. After all votes were completed, the results were in favor to pass this change.

Next, she read and asked if there was any discussion on Bylaw change #2023-04 Article IV, Section 1 & 3 Number and Term of Officers & Eligibility to Hold Office which was read at the April meeting, and the proposed changes which were published in the May Reporter. There was no discussion. Voting on this Bylaw change will be at the June meeting.

NCCC President's Message

June 2023

It's time for the 2023 Convention in Bowling Green! Hope you're coming 'cause there will be a bunch of us! Those of you entering events should have received the Convention Generals. That information will give you all the information you need to be on time for the events you have entered. Keep in mind that most of the events more than maxed out in attendance so being on time is really important. It's a lot, I know, but the information will save frustration on your part throughout the week! Jack and the event chairpeople have worked hard to make sure you have the information you need.

While you are at convention, don't forget to actually visit the National Corvette Museum. They will have a great display for the 70th anniversary of the Corvette. Hopefully, your plans included staying for the 70th anniversary gala on Friday. We will be presenting the NCCC national awards – Charity- Roger Clancy award, Past President award, Don Hoskins award and Presidents' award. The recipients of those awards are the ones that make our organization a great! They serve the organization- not for recognition, but to help where ever they are needed- we don't even need to ask!

There is currently a campaign to fund a day at the McMichael Family Education Center in the Museum. The place is amazing with computers for the students to design their own car. They also have a special Studio X where students can actually touch the car! The price for a classroom to participate in a day at the Education Center is \$500. There is also the opportunity to fund a day for the whole school for \$7500. Go to the website and take a look!

The next NCM celebration is the 29th Anniversary Celebration August 31st – September 2nd. Lots of onsite information and plant tours, if you have not done that yet!

News from the May meeting. . . the competition rulebook will now be voted on by change via electronic ballot. Those changes will be presented again individually at the September meeting. Governors/clubs will have the opportunity to vote yes or no to each change. Hope you are getting out to enjoy our great cars! It's that time of year!

Deb Murphy, President

Calibrating the Tire Pressure Sensors on a C5 Corvette

Starting with the 1997 model year Corvettes were equipped with run flat tires and the new tire pressure monitor system or TPMS. The tire pressure sensors are located inside the tire valve stems. (There is a picture at the bottom of this page).

If you have new tires, put on your Corvette, you may have to recalibrate the tire pressure sensors. The only tool you need is a big magnet. I used one from the back of an old speaker. You will also have to utilize the Driver Information Center or “DIC” to access the “Tire Training” Mode. The “DIC” is in the area of your instrument panel where the odometer is displayed. The Procedure is as follows:

- 1) Turn ignition on
- 2) Press "Reset" button in order to clear any IPC display warning messages
- 3) Press and release the "Options" button on the DIC to scroll through the display options until the IPC display is blank
- 4) Press and hold the DIC "Reset" button for 3 seconds
- 5) Press the "Options" button again until TIRE TRAINING message appears
- 6) Press "Reset" button until the IPC "Learn L Front Tire" message appears in order to begin the programming
- 7) Hold a large magnet over the left front valve stem
- 8) The horn will sound, indicating the left front TPM sensor is programmed (if this takes more than 15 seconds, pull magnet back and try again, it will give you three tries. Then you must start over)
- 9) When the horn sounds, proceed to program the next TPM sensor in the following order as directed by the IPC messages: -Learn R Front Tire -Learn R Rear Tire -Learn L Rear Tire

Programming can be canceled by turning ignition off, waiting 2 minutes with no sensors being learned, finishing all 4 wheels or through the DIC. If the programming is canceled with less than 4 sensors learned, it will only accept the codes programmed up to that point.

Advertising in the *REPORTER*

Advertising in the *Reporter* is very simple. First you choose the size and space which best suits your needs and pocketbook and then how long a period you want your ad to run.

Once those decisions have been made, you will need to choose the design of your ad.

If you already have an ad in another publication, we can simply reproduce it for inclusion in the *Reporter*. Or, you may want to use your business card, which works just as well.

If you wish to create a new ad, we can assist you with your design at no additional charge.
