

Indoor Sports will start soon, are you ready?

---

Thank you for opening our latest newsletter. We have a few articles for you and we would like you to hear about some products we are offering. We hope you enjoy and pick up something for your program.

The first article talks about the problem at [St. Jospeh's of Hammonton](#)

Our second article shows you the new [Villanova Finneran Pavillon and others](#).

The third article talks about [politics intruding on High School sports](#).

Finally, the last article gives you some [information on cryotherapy](#).

Please take a look at the homepage on our website as we have recently changed it and added some important links to some of our products like [Specialized Netting](#), [Batting Cages](#) and [Divider Curtains](#).

If you want to improve your teams "sports vision" why not try one of these two products?

As an athlete, [the strobe specs](#) take your training to another level. The curved liquid crystal lenses provides a full 180 degree field of view allowing users to enhance their visuals skills in the training room, or on the field of play!

One of the most important pieces of equipment for vision exercises when working on convergence is [the Brock String](#). It offers instant feedback to the participant if their eyes are working together to focus on an object at various distances.

If you get the opportunity take a look at this new article on our website about [multiple sport participation](#). Or, you might like this one on [Coaching Your Best in Competitions](#).

Thanks again for being a loyal customer and reader of our newsletter. If you have questions on any of our products please give us a call at 856-381-8888 or shoot us an e-mail at [emily@howelltosports.com](mailto:emily@howelltosports.com)
