DP-5000 PRINTER

- Front label loading mechanism makes label changing easy
- Large label roll for more efficient pre-packing
- Operator display with touch screen panel can be adjusted to fit operator's viewing preference
- Colorful 8.4" TFT touch screen display is eye-catching and easy to use
- High printing resolution at 300dpi on 80mm label

HAND WRAP STATION

Heat Seal Energy Smart Wrapper

Features an innovative on-demand seal plate technology that cools to room temperature when not in use and heats up to 300 degrees in 3 secs when the operator needs to seal a package.

Mounts Available for DPS5600 & SM5500 scales

SCALE MANAGEMENT

Retail Scale Management program allows customers to manage scale related data for their DIGI scales and printers. RSM is a comprehensive program that supports a wide range of scale features.
