

2022 Aquatic Invasive Species Treatment Notice and Waiver Form

Spring Lake Association will be treating to control Eurasian Water Milfoil, a non-native, invasive species in select areas on Spring Lake.

With regard to the treatment:

The proposed timing for treatment: **May-October 2022**
The target species for the treatment is:
• Eurasian Water Milfoil.

The method of control or product used: EPA and Minnesota DNR approved herbicides will be used in affected areas and applied at or less than the approved application rates.

If you do **NOT want treatment** to occur adjacent to your property, please fill out the form below and mail it to the address below or e-mail it to board.sla@gmail.org

Spring Lake Association
P.O. Box 631
Prior Lake, MN 55372
Board.SLA@Gmail.com
www.SpringLakeAssociation.org

I request that no herbicide treatment occur adjacent to our shoreline property.
