

MYSTICISM and CHEATERS (1 of 3)

MYSTICISM: Any mental or physical attempt to recreate, evade or alter reality through dishonesty, rationalizations, non sequiturs, emotions, deception or force; and any attempt to use the mind to create reality rather than to *identify* and *integrate* reality

MYSTICISM: An epistemological dis-ease that progressively undermines ones capacity to—

- Think
- Identify reality
- Live competently
- Create values/build wealth
- Have true romantic love

Symptoms

- Dishonest communication
- Out of context assertions or attacks
- Use of non sequiturs
- Rationalizations
- Jumbled or non-integrated thinking

Mind created realities of mysticism eventually render all life unto death (annihilation of the civilization)

Spreaders of Mysticism

- Neo-Cheating politicians, clergymen, union leaders, lawyers, university professors, media commentators, journalists, entertainment personalities
- Such public Cheaters are 'typhoid Mary' spreaders of mysticism, and have wangled respective values from Value Producers of this world

EXTERNAL AUTHORITIES

Mystics create problems where none exist

MYSTICISM is a collective disease that affects everyone who looks outside of themselves towards others/groups/leaders for solutions to his/her own problems and responsibilities

- Blocks integrated thinking, brings stupidities from mind created realities that Cheaters use to justify and rationalize standards
- Uses guilt to beguile individuals to relinquish their power and surrender their earned value and happiness

BICAMERAL THINKING

Looking outside of oneself for answers and solutions

Mystics are—

- Parasitic leaders who create mind realities or false illusions in order to extract values from Value Producers
- Violating ethics and morality, purposefully harming their own and other people's lives by choosing to obey their fake reality
- Increasingly laying responsibility for their well-being onto others; projecting blame and guilt on everyone else

Mysticism—

- Techniques are used as coercive tool to plunder and manipulate value producers; appropriating unearned money or power by manipulating power in others
- Blocks integrated thinking; used as tool to justify and rationalize use of force, fraud, and dishonesty to usurp life enhancing values from Value Producers

ALL PREDICATED ON LIES, DECEIT AND ILLUSION

MYSTICISM is the only DIS-EASE of the Conscious Mind
