

THE GOOD and **THE BAD**
COMMENTARY by KILRAY

THE GOOD STUFF
IS ON THE FLIP SIDE

THE STORY - EBENEZER LOREN on PARK -
claims to be to be the **#1 Assisted living facility in Minneapolis !**
Easy enough to believe when compared to the **COUNTY JAIL**

This isn't as bad as it looks but it irks me to no end when some nitwit executive publishes (legally questionable) false claims just to pad the old incompetent resume.

As of **August 1, 2021** people living in ASSISTED LIVING facilities, in Minnesota, won the right to organize and participate in a RESIDENTS' COUNCIL.

The purpose of a RESIDENTS' COUNCIL is to Observe and Make sure an Assisted Living Facility is compliant with laws, rights and proper treatment of people as PEOPLE and not so much victims in what sometimes becomes (legalized) HUMAN TRAFFICKING.
