

LIVING BEYOND

Vision

God has instilled a vision in our hearts to tell stories, both at home and abroad that share what He is doing in and through His people, calling others to "be All In" for God; to encourage and challenge everyone to GO Beyond themselves into the world around them.

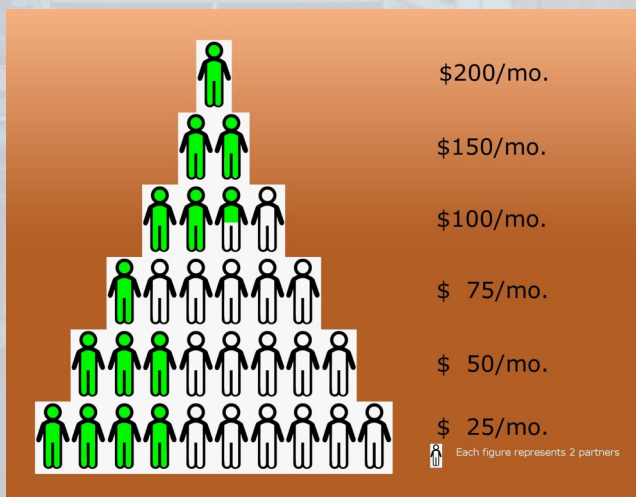

One thing that humbles us and drives our passion to do what we get do is the idea that we can go Beyond ourselves and be your eyes to see the world beyond our door and bring it back to you and have that work become part of a conversation, a conversation that leads to a deeper understanding through our communication of what God is doing in the world, one life, one family, or one rural village at a time. It's this idea, this passion, this compulsion, that we are part of helping people understand what is going on in the Kingdom in various parts of the world that drives us and clearly casts the vision for what we are being called to do the rest of our lives; both at home and abroad.

Would you pray and ask God how He would have you partner with us?

We will tell stories and take people on a journey of discovery with God's Holy Spirit to a place of deeper understanding of His story in their lives. We want people to not only think but feel and live beyond what they see and hope for what is unseen. We want to share stories that inspire others to have the faith to see things happen in their own lives and the lives around them that "are not as though they were". We want to encourage, challenge, and inspire people to invest in a better future beyond themselves. We want them to live beyond themselves and discover along the way what God is doing in their own lives and who He is turning them into.

It is about using the gifts, talents, and experiences God has given us and invest them for the Kingdom to equip, edify, and encourage others on their journey with God.

Eph. 4:11-13 says, "where He has gifted us and opened doors of opportunity for ministry, He also provides the strength and courage to exercise our abilities."
