God has given us a passion and a vision to motivate others to experience life beyond themselves and witness the impact on the world. We have the opportunity to collect stories of life change through photography using still imagery and video. These stories have grown out of opportunities that continue to come from partnerships of planting churches across Africa and Beyond. We believe that the local church is the Hope of the world. Because we have witnessed firsthand the profound impact that a local church has made in rural villages, we will continue our partnerships in planting new churches in villages where there is no church presence of any kind. We will use the gifts, talents, and passion God has given us to assist in expanding the Kingdom, telling stories of God's transformation through the local church. Our desire is to also serve local churches with logistics and planning to take their teams on Short Term Outreach trips.

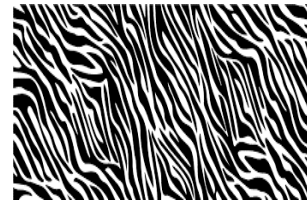

We want people to see and experience that God's story in them will transform their current story so that they can witness it transforming their lives. We strive to build a bridge for them on their journey of discovery of who God is turning them into. It is said that a picture is worth a thousand words? Often the emotions cultivated in an image or video is beyond words. It is our desire to stir and cultivate, without manipulation, those emotional responses to the prevenient Grace of God as they find themselves Living Beyond.

When we inspire people to invest in a future of Living Beyond themselves while discovering along the way what God is doing in their own lives and who He is turning them into they will discover for themselves that their next miracle is one step Beyond what they currently believe is their comfort zone.

About Commission To Every Nation

What is CTEN?

CTEN is a servant organization which helps missionaries fulfill the unique vision God has given them. CTEN partners with the missionary's home church to send them to the field. Then, through administrative support CTEN gets funds to the missionary, provides accountability, counsel and helps the missionary remain on the field. Through pastoral care CTEN helps them remain effective and healthy while there.

Missionaries Serving Missionaries

Most of CTEN's home staff raise their own support just as each CTEN Field Missionary does. This allows CTEN to keep overhead to a bare minimum and the vast majority of each donor's contribution to reach the intended missionary and project.

Pastoral Care

A core value of CTEN is caring for God's most valued resource, His people. A Pastoral Care couple personally stays in touch with each missionary from the time of their application, throughout their time on the field and through re-entry to the home culture if the missionary leaves the field. This pastoral care couple works with

the missionary's sending church to provide counsel, prayer, and support regular onsite visits to the field of service.

How CTEN missionaries are "paid"?

Like most of its support staff, CTEN missionaries are dependent upon the faithfulness of the Lord and His people for their financial support. Friends, family, churches and others who believe in the work of the missionary send their contributions to CTEN. These contributions can be large or small, sent monthly or periodically.

Each missionary is dependent upon your help to fund and continue their ministry.

How does CTEN afford to operate?

A co-laboring percentage is prayerfully determined individually by each missionary enabling CTEN to continue to serve them.
