

Wednesday Night Bible Study

THE CHURCH OF THE SPRINGS – 5/18/22

Covering and Protection

Psalm 91:4 [GW]

He [God] will cover you with His feathers, and under the shadow of His wings you will find refuge. His truth is your shield and armor.

DNA molecules can store over 200 petabytes, or 200 thousand Terabytes, of data in a single doubled stranded molecule in every cell of your body, making it one of the highest storage density mediums in the world. My computer has about 20 Terabytes. You have 50-75 trillion, a million times a million, cells in your body. The nucleus of each cell is about 10 microns, or 10,000 nanometers.

In my trip to Alaska, I estimate that I pedaled approximately 3 million times in 5 months.

If you stretched the DNA in **ONE** cell all the way out, it would be about 6 feet long and ALL the DNA in ALL your cells put together would be about twice the diameter of the SOLAR SYSTEM. Or another example: it would reach from the Earth to the Sun and back over 600 times.

There are machines in each of your cells that work with these DNA molecules. These folded-up strands are about 30 nanometers in diameter, and about 300 nanometers long. It is estimated that there are more machines in each cell of your body, than there are machines on the entire Earth!

1 Timothy 4:16 [NLT]

Keep a close watch on how you live and on your teaching. Stay true to **what is right** for the sake of your own rescuing and the rescuing of those who hear you.

James 4:10 [AMP, NLT, et al]

If you humble yourselves, if you are honest with yourself and God, realizing your desperate need for Him, He WILL lift you up, and give you purpose.
