USER MANUALS

Future Play

## Caution

**Read all safety information below before using HERADIYA.**

### **WARNING**

---

1. Some people may experience eye pain, vision problems, or epileptic seizures in rare cases due to flickering screens or other stimulation of light.

For these people, exposure to certain patterns or backgrounds on TV screens or video game play can cause these epileptic seizures or vision problems. Under these conditions, those who have no history of seizures or epilepsy may also cause previously undetected epilepsy symptoms or seizures. If you or your family members have epilepsy symptoms or seizures of any kind, please consult a doctor before playing.

If you experience the following health problems or symptoms, please stop using it immediately and consult a doctor.

- 1) Dizziness
- 2) A blurred and distorted view
- 3) A twitch in the eye or muscle
- 4) Loss of consciousness
- 5) Disorientation
- 6) Convulsion
- 7) All types of involuntary movements or cramp

Resume playing the game after approval of a doctor with these symptoms.

2. Never allow infants or pets to approach HERADIYA during operation.

### **FOR SAFETY**

---

**Read This Instruction Manual Carefully Before Using This Equipment. Parents and guardians of children should read each instruction manual first and guide them on how to use it safely.**

## **WARNING**

---

HERADIYA is designed for safety with sufficient consideration. Failure to follow these safety instructions could result in fire, electronic shock, injury, or damage to HERADIYA or other property. Read all safety information below before using HERADIYA.

1. Don't attempt to install or repair HERADIYA yourself.
2. Never touch the power cable and LAN cable, or any other electrical appliance with wet hands.
3. Handle the power cable with care. Using damaged cables can cause fire or electric shock.
4. Avoid stepping on the power cable or getting stuck in other objects, especially where the cable comes from the main body.
5. Don't place heavy objects on the cable. Never pull the cable.
6. Clean the dirty plug and connector with dry cloth before connecting it. Dirt and foreign substances cause a fire or electric shock.
7. Immediately stop using the device with malfunctions, strange sounds or smells, too hot device to be touched. Unplug from the outlet and disconnect the cable.
8. Install and use in a flat and stable place.
9. Don't operate the device delivered in sub-zero weather immediately after installation.
10. Cut the power plug and discard it when disposing of the device.

## **Use and Management**

---

1. You can only enjoy the games installed on this device.
2. Don't place the device in a hot and humid place, direct sunlight, or near a heating appliance.
3. Never use other golf clubs except items available-wedge and putter with this device.
4. Stop using HERADIYA immediately if you feel tired, discomfort or pain in arm and leg muscles while playing a game.
5. Keep device, accessories, and small parts out of reach of children. It can cause injuries, accidents, and failures, such as swallowing small parts by mistake or winding cables around the neck.
6. Don't play HERADIYA or use accessories near to water.
7. Keep the device or accessories out of water, small debris, or foreign substances.

8. There is a limit to the game storage data that can be stored in the device's memory. External storage, such as memory cards, cannot be used.
9. Don't place the HERADIYA in an unstable place, such as tilting or vibration.
10. Don't step on top of the HERADIYA, put things on it, or stack other parts on the main body.
11. Unplug the HERADIYA power cable from the outlet when not using it for a long time, working or being moved.
12. Hold and unplug the plug properly when disconnecting. Never pull the cable or pull it in a different direction.
13. Don't connect the plug to a transformer or power inverter. It causes burns and failures.
14. Never disassemble or modify the main body or accessories yourself.

## Vents

---

Don't block the vents. Observe the following for ventilation.

1. Install at least 10cm away from the wall.
2. Don't the product with cloth or cover.
3. Keep dust out of vents.

## Maintenance

---

1. Unplug the device from the outlet when you are servicing it.
2. Don't use a paint thinner, benzene, or alcohol. Don't wipe with a chemical cleaning cloth.
3. Remove the dust with a low suction cleaner or a dry cloth from vents of the main body.
4. Don't use the plugs connected to the main body in a dirty state. When used in dirty conditions, current may not flow properly. Wipe with a dry cloth when dirty.

**Use HERADIYA in accordance with the instructions in this User's Guide. Interpretation, modification, or analysis or utilization of the internal circuit structure of the device is prohibited. Any unauthorized modification of this instrument is not warranted. There are no user-repairable parts inside this product.**

## Exploring
