Someone started digging a shallow grave for *Kimmie Weeks* when he was all of 10 years old. He had been sick for days – dehydrated, not eating or drinking because of the cholera that wrecked his emaciated body.

— The News Journal

Great survivors were molded from Liberia's bloody civil war. Among the violence and tragedy, new leaders emerged, including activist *Kimmie Weeks*.

— CNN

Kimmie Weeks speaks on the brutality of war, but teaches and inspires his audience that a better world is possible.

— The World Tribune
