

Workplace Violence Prevention Plan and Response

High-Speed Tac Med, LLC offers the most comprehensive on-site assessments, plans, trainings, and drills in the industry. Our mission is to teach others to save as many lives as possible through realistic training environments.

Seconds Count - Get prepared today!

CA Labor Code § 6401.9 Requirements:

- Hazard assessment and mitigation
- Written effective Workplace Violence Prevention Plan and Response with active employee participation
- Coordinate implementation of the plan with other employers (if sharing same office space)
- Recordkeeping - all hazard identification, evaluation, and correction (5 years), training records (1 year), incidents and investigations (5 years) to be recorded in an Incident Log
- Training to be provided to all employees
- Implement strategies to avoid physical harm

Features:

- On-site risk assessment
- Review of current plan (if any)
- Analysis of building, employee maps, equipment, shelter-in-place options, evacuation flow and exit routes

Benefits:

- Identification of vulnerabilities
- Risk assessments (using IIPP)
- Options for mitigation or acceptance of risk
- Guidelines for trainings, drills, and debriefs
- Guidelines and options for mass communications
- Guidelines for logging and reporting to staff
- Training staff and response team
- Aligns with overall business mandates (including HIPAA, IIPP and other requirements)
