

The Dinner Table Project

Silly Stories Game

Total time:
20 minutes

**TIP: laminate
each sheet
before cutting
out words.
Then, you can
reuse them!**

Prep:

Cut out each word on the perforated lines.
You have 198 words.

Directions:

This game can be played with big or small groups. Separate players by family (for smaller families, group them together). Each group should have 5-8 players. Each player gets one word.

**TIP: Give each
group a piece
of paper and
pencil so they
can write down
their silly
stories!**

Give groups at least 10 minutes to make up a silly story with the words they were given. Groups can use more words for their story but they have to use every word they were given at least once.

Ask for volunteers to share their story! Allow around 10 minutes for sharing. We have found that kids love to share the silly stories they have created.

**Share silly stories on
Facebook and
Instagram using
#kydinnertableproject!**
