

June 16, 2023

Dear friends in LOFF,

As I am sure is the same for you, our Conference, this past weekend, has left me exhausted but exhilarated. I have just, today, returned to my usual energy levels. I can't imagine how the members of the Conference Committee felt for the first few days of this week.

Speaking of the Conference, 'We Lift You Up' was the perfect theme. The Committee outdid themselves in presenters, organization, smoothness and pizzazz. The speakers were outstanding – world class. The organization was flawless – not a hitch. The food was great. And the whole event was exciting! The Hospitality Suite was outstanding as well. Can we ever beat those cookies?

Many thanks to the Conference Committee for their hours of tireless work that followed weeks of planning and meetings, phone calls and emails, and creation of the website and the brochure. None of it was accidental, nor did things just 'fall into place'. From the hotel reservation organization to the Silent Auction, everyone played their part to perfection.

Thank you, to all of you, for your commitment to excellence. It shows in all facets of your lives. I am so proud to be a part of this organization, the League of Ontario Foster Families. Maybe we should get Superhero T-shirts for next year. It would certainly be fitting. (No pun intended) The planning has already begun for 2024. I look forward to another outstanding Conference and the opportunity to see you all again.

Warmly,  
Judith Clark
