# PLANT & EQUIPMENT

CTC maintain a selection of late model machinery & vehicles whilst continuing to secure appropriate equipment required to better service our clients.

Our equipment is fitted with machine control, utilising GPS & Laser guidance systems when required. All CTC machinery & equipment is site compliant for your specific needs whilst catering to a wide range of industries.

Without exception, our operators are fully licenced & required to complete our internal "verification of competency" assessment prior to commencing work on your site. Supported by our fully equipped & trusted fabrication & mechanical subcontractors we can deploy qualified tradesmen to all locations promptly when required.

Plant & equipment available are listed below, however we are not limited to these machines if other requirements are necessary

- Scraper
- Excavator
- Dozer
- Tip Truck
- Loader
- Grader
- Roller
