LIMESTONE COLLEGE is proud to offer the Leadership Role in making "Then Conquer We Must" a reality.

Limestone is a private coeducational, four-year liberal arts institution. It is a college with ivy-colored walls, pink dogwoods, blooming azaleas, grassy lawns shaded by old oak trees, and stately buildings. Limestone is also a center of learning where academic programs that make it like no other college in the state have been adopted and are working successfully, and where rules and regulations have been altered to afford both freedom and necessary guidance to its students. Since its founding in 1845, Limestone has continued to change in response to increases in enrollment and the constant need for modern and efficient facilities. A new chapel, student center and cafeteria, new men's and women's dormitories and a new physical education center have recently been built on campus. Through time and beneath all the changes, the tradition, heritage, look and feel of Limestone have remained constant. That gives the college a rather unique character; a nice blend of YESTERDAY AND TODAY.

We are proud of the heritage of Limestone College and the contributions of its graduates and former students. For over 135 years the college has provided educational opportunities for students to receive excellent instruction in the liberal arts tradition.

SPECIAL ACKNOWLEDGEMENT goes to Rustic Log Homes, Inc., Grover Road, Kings Mountain, N. C.
