FOR HEROES**

Horsemanship4heroes.org

Horsemanship for Heroes was created to empower and support veterans (as well as emergency responders) and their families in their journey towards healing and well-being through equine-assisted psychotherapy and learning. Their goal is to promote resilience, self-awareness, and personal learning. They strive to create a safe and nurturing environment where their participants can build meaningful connections with these horses, helping our heroes to thrive in their personal and professional lives.
