To whom it may concern:

Airstream Foods, Inc. has utilized Baker Shore & DiLorenzo's sales & use tax expertise since 2013, and recently benefited from an updated sales & use tax review. We are consistently pleased with their expertise, professionalism and the substantial refunds they generate.

Their work is done remotely which makes the process very streamline and efficient.

Recently, Baker Shore assisted us with a New York State sales tax exam and relentlessly worked with tax authorities from the Queens District Office on our behalf. Their team provided expert consultation and guided us with preparation of a rebuttal, resulting in a substantial assessment reduction.

Although we knew our company qualified for sales & use tax credits as a QEZE, Baker Shore's review identified additional QEZE sales tax overpayments and obtained refunds.

Thinking back, I'm extremely glad we never felt, "too busy" or that "it's not worth it" to engage their services. I highly recommend Baker Shore & DiLorenzo. They continue to be an ongoing resource for us.

Sincerely,
