

Corridor Woodcrafters Club – February 4,2016

Members present - 27

Guests - 7

New members that joined - 3.

New Members: Don Eiler, Curt Larson, Dick Meisterling

Presenters:

Lon Simpson, Mgr NRI Carinet/Carpenter shop
Elder Chamberlain
Elder Stroud
Elder Apperson
Elder Stevens

Presentation was mainly by Lon Simpson with assistance from the Elders. Lon started out with a Power Point over view of the ongoing restoration work of the historic sites at Nauvoo Ill. Lon is an excellent speaker with an amazing life story. He took us on a tour of his learnings and education that has spanned 40 years, interleaved with an amazing Army career. Lion discussed the restoration work he has done and lessons learned. One key lesson he offered was to use cypress wood instead of the traditional pine lumber that is often used to frame windows and door. It will last longer and if not in ground contact the wood will not rot.

Lon also shared a YouTube video:
