

# Corridor Woodworkers Meeting

6:30 pm, 21FEB19 Basement of the Cherry Building

We had a couple of visitors. John (I didn't catch his last name) and Perry Coffman's new bride (didn't catch her name either)

No near misses. Well done everybody!

## Questions:

Larry Leubert asked about staining poplar.

Sealer was mentioned but it reduces the ability of the stain to soak in.

Gel stain

Aniline dyes work well. Add red tint to cut down on the influence of the green streaks in the poplar.

Philip Lashmit wanted advice on bent lamination on a swing seat 10"x30" dished 4-5 inches.

Members said that 1/8" plys should bend fine over a form

## Show and Tell:

Larry Leubert; Headboard for his grandson's bed hand carved Hawkeye and Chiefs in poplar

Larry Atwater; Walnut jewelry box made for his wife for Valentine's Day with time to spare

Vern Rotert; Oak breadbox with tambour door. He used a ball and socket router bit set to make the door.

Mark Goodsmith; Walnut turned bowl

Adriana Arango; Stained Glass inlay on Cherry.

Tom Nehl; White Oak burl turned vase

Joannie West; Cedar, Pine, and Walnut desk organizer (not pictured)

Mark Goodsmith won the gift card for the Show and Tell

**Tonight's demonstration** was a group effort.

The club was instructed to bring in their favorite table saw jig. There were many great ideas, both home-made and store-bought.

Thanks to Jim Claussen, Vern Rotert, Don Coleman, Dimitri Leet, Larry Leubert, Mark Goodsmith Steve Kurkhoff, Jim West, and Philip Lashmit for their contributions!

Steve Kurkhoff won the gift card for the demonstration "Show and Tell."

**Raffle Winners:**

\$10; Larry Atwater and Philip Lashmit. \$20; John (New member) and Philip Lashmit. \$30; Dimitri Leet and Tom Nehl.

**Announcements:**

March 2-3 Woodturners/woodcarvers show at the Kirkwood Center on Boyson Rd

April 20, Saturday 8-3 10<sup>th</sup> Anniversary Eco Fest.

Looking for someone to help with explaining urban tree harvesting (uses such as board lumber and turning blanks were suggested).

There will also be an art show themed around repurposing materials
