# WAIT There's More

I hope your student(s) enjoy the pumpkin exploration activity. Check out the digital Halloween activity below for your distance learners. I'd love to know what you think! Don't forget to leave a review.

Click the images below to view.

In digital and print

Thanks for looking!

Brittany Pittman

Follow my store to get updates

### What's included:

- Link to paired educational video
- Cut and Paste Plant cycle activity
- Writing worksheet
- Math worksheet - math with pumpkin seeds
- Experiment instructions and lab

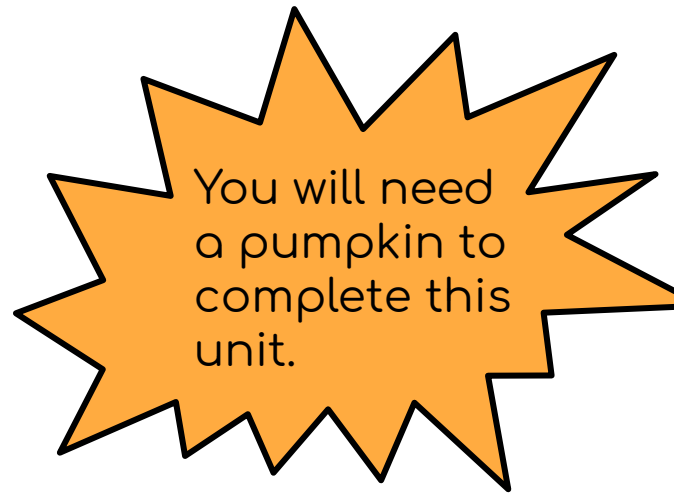

### What your students will learn:

- About the plant cycle
- About seed germination
- Practice descriptive writing skills
- Hands on basic math
- Practice the scientific method

### Ways to use:

- You can provide each student with a mini pumpkin to paint and remove seeds from
- You could do this with one large pumpkin and the kids gathered around to observe and remove seeds together
- You could have a few large pumpkins and work in groups
- You can paint rather than carve for safety

This document is under a **creative commons license**. Please read the terms. You can edit. If you need to make the math problems more challenging - edit your copy! You can share it with your colleagues. You cannot sale it. Download the unit to your Google Drive.
