Letter from the owner

Please find in this price list my personal collection of essential oils that I have named “The Library of Fragrance”. This library contains every oil that has crossed my path in over 30 years as a teacher, formulator and natural perfumer. This may be one of the largest collections of essential oils anywhere. While I purchased these oils for my own use, I am also willing to share these aromatic wonders. Many of these oils we have in stock, while other may need extra time (between 2 – 7 days). Many are available in sizes up to one kilo while rare oils may only be available in 2 ml sizes. My goal is to make as many of the oils available to those who would like to purchase rare and specialty oils in smaller amounts. Welcome to my world. Oils are standing by. Aromatically yours.

Michael
