

WHO WE ARE

The Wexford Christian Preschool was established in 1992 as part of the Community Outreach program of the Wexford Community Presbyterian Church. The Preschool program and staff strive to nurture and support each child's spiritual, emotional, intellectual and physical development by providing opportunities for active learning within a cognitively-oriented curriculum presented in a loving Christian environment.

PROGRAM GOALS

We believe offering a multi-program approach will offer the best support for children and their families. We develop our programs to:

- Teach and model concepts and values of the Christian faith and Christian living.
- Promote health, physical growth, and motor development.
- Increase independence in meeting and solving problems.
- Strengthen inner emotional controls.
- Recognize reasonable limits and influence growth towards self-discipline.
- Foster security with adults.
- Promote language skills.
- Develop self-expression in art and music.
- Encourage children to observe, investigate, acquire information and think critically.
- Encourage self-confidence and self-esteem.
