## Introduction

### **The Truth Will Set You Free!**

If you have happened upon this booklet know it was not by chance as it is specifically intended for these times. It is our fervent prayer the eyes of many will be open to the reality of what is happening in our world today. Not what is based on falsehoods or assumptions, but rather that which is the heart of the matter. Yes, that which is the underlying root upon which you will discover the truth! **Webster defines reality as; *the world or state of things as they actually exist, as opposed to an idealistic or notional idea of them.***

The harsh reality is we are a nation in decline that no longer adheres to the basic principles upon which our country was founded. This booklet is not about one's specific political agenda or preference. **The purpose of this booklet is to open your eyes to the truth!**

It is time for all to take responsibility for the state of our nation. To take responsibility for what we intrinsically know to be true, yet turn a blind eye to what we see. The sleeping giant has awoken and it is now time for all of us to do our part.

We can no longer stand idly by proclaiming "*I cannot make a difference!*" For as human beings we are all responsible for one another. We are all responsible for how we respond! Now is the time to stand united against the forces of evil that are swiftly converging upon the world. Yes, the very soul of our nation is at stake and most importantly the very soul of mankind. Together we can make a difference! This is the reality, "**United we must stand or divided we will surely fall!**"

# Chapter 1

## What Is Truth?

Does the world seem as though it is spinning out of control? Does it seem as though your world and those who you once counted on can no longer be trusted to tell the truth? The meaning of truth seems to be not only distorted but a thing of the past. Truth is now being altered to fit the current needs of the culture, rather, than the culture adhering to the truth as it was intended. In order to adhere to these truths, one must revere the soul of a nation. The very heart of a nation in which its foundation was founded.

One nation under God as established by our forefathers, clearly understood the importance of answering to a higher power, a higher consciousness (a Supreme being) rather, than what was of mortal man. Yet, now for many, God is no longer acknowledged in various factions. Interesting to note, however, our judicial system requires those who testify to place their hand on the Bible swearing, *"I promise to tell the whole truth, nothing but the truth, so help me God!"*

The truth and the meaning of truth seems, albeit distorted, to be altogether a thing of the past. **Webster defines truth as; *that which is true or in accordance with fact or reality.*** The current question then being *what on earth is the reality?* Does it seem like what was once a reality no longer is? And what is real for one person may not be real for another. In short, all that is necessary for one's reality to change is to convince them those beliefs and principles which once were the reality are no longer true replacing it with ideas that could alter one's way of thinking and belief system. The ultimate goal being to change the very foundation on which a country is founded!

This is not something that can happen overnight but requires careful planning and patience to change the basic framework of a nation from within.

The question is then, *“Why would someone or something want to change the very foundation on which a nation has been founded?”* Yes, I am referring to the United States of America. A nation which openly proclaimed one nation under God with liberty and justice for all. A country in which democracy could be counted on to ensure the land of the free would remain so throughout the centuries to come.

These were the very principles on which America had been founded on. The pursuit of happiness has become an obsession based on self-serving agendas and individual goals, rather, than that which is in the best and highest interests of all concerned.

America has been referred to as the home of the brave and the land of the free! Question now is *free to do what?* **Far too many do not understand freedom in and of itself is not free. There is in fact a high price to pay. Our nation and those who have valiantly served our nation know full well the price that has been paid for such freedoms. A freedom that few nations can attest to.**

History tells of the sacrifices and bravery upon which America has fought valiantly for. Currently now, much of that history has been physically destroyed as though it never existed or distorted in hopes to change one’s entire belief system. A system that would forever change the heart of America.

Is it any wonder one Nation under God then is swiftly declining? **If we do not wake up to the harsh reality of who and what is at stake the United States and yes, the world as a whole, will no longer resemble that which our forefathers fought so valiantly for.**

We as Americans can no longer turn a blind eye to what is happening within our country. We can no longer say, "*There have not been signs along the way alerting all to what is transpiring within our own country.*" **You cannot stand strong against an enemy you do not acknowledge. Nor, can you stand against an enemy if you are not familiar with the very weapons being used to destroy the United States of America.**

## Chapter 2

### **Who Is The Real Enemy? Will The Real Enemy Stand Up?**

In order to determine who the real enemy is one must look beneath the surface. One must be able to see through the veils of deception in order to identify the true source. The challenge being that far too many do not truly believe in this enemy. For everything there is an opposite. One cannot know one without acknowledging the other. If there is a God, and there certainly is, then the truth is Satan exists as well.

Just as our Father reigns in heaven, Lucifer reigns on earth. His primary goal is to destroy as many souls as possible. He knows his time on earth is drawing ever closer to an end. So that which was once used for Godly purposes will be used for evil. And so it is, there are demons who work through those who hold no affinity to God just as there are angels who work through human beings as well.

Currently, there are those who work for our Heavenly Father and yes, there are those who work for Lucifer. Human beings on both sides are involved in the greatest battle of all time. Just as in any battle there are specific rules and strategies to be followed.

Saul Alinski is a perfect example of one who was sent to do Lucifer's bidding. He was a very effective community organizer who wrote *Rules for Radicals*. A book which he openly dedicated to Lucifer. This very fact alone should clue anyone in that whoever follows these rules does not have high aspirations for all, but rather, only for those who will support their particular beliefs and organizations. In other words, their own agenda. While I will not go into an in-depth account of Saul Alinski I will tell you there is a myriad of information regarding him on the internet. It is My intent to show you how these rules have been used as

a handbook for both sides of the house to accomplish their own agendas.

There are many who have personally studied under Saul Alinski and as such, have used these tactics in today's organizations and governmental factions. Alinski, in his book, *Rules for Radicals* explains in succinct detail twelve rules which when followed could indeed change not only the course of a nation, but yes, a country and even the world as well.

I have said this is not about politics, yet, it is necessary to acknowledge the facts in order to get to the underlying truth that we as a nation are in serious trouble and so it is we must all do our part to expose the enemy for what and who it is. We must understand the ultimate goal it desires to achieve. **Uppermost in your minds should, therefore be, *Rules for Radicals* is indeed Satan's playbook.**

**Rule number one** has been used over and over in many organizations to gain power. **Rule #1 *Power is not only what you have but what the enemy thinks you have.*** In other words, you don't actually need to possess something but simply convince others this is the case. The true purpose is to create chaos and confusion, deterring the enemy from being able to complete its objective. To say this is deceitful is to put it mildly. But then who better than Satan, the Mighty Deceiver, to come up with such a rule.

Now I ask you to take a moment and think back on the past few years and see how often something was said to be valid, yet, never in fact existed. The primary goal of course being to distract, deter and divide!

**Now let's look at Rule number three. Rule #3 *Whenever possible go outside the expertise of the enemy. Look for ways to increase insecurity, anxiety and uncertainty!*** A perfect example of this is the

Corona Virus. Fear is a strong motivator and often is the catalyst for wrong action. The Corona Virus has preoccupied the lives of many throughout the world. A deadly virus which has succeeded in not only killing millions of people, it has to date, succeeded in division and unrest amongst the masses. Hasty and misguided information has resulted in a polarizing fear throughout the world. Fear, rendering many immobile unable to make right and mindful decisions. Anxiety (worry) is the catalyst which clouds one's common sense and keeps them from turning inward for direction. *"All human beings are endowed with common sense"* (Proverbs 3:21). *"My child, don't lose sight of common sense and discernment. The person who strays from common sense will end up in the company of the dead"* (Proverbs 21:16.) Need I say more?

In truth, there is a far more deadly virus which is wrapping its evil tentacles throughout the world. A virus that is corrupting our country as we speak. **Satan as the Master of Deceit has now infiltrated almost every aspect of our country. A venom so powerful it has successfully altered and changed the lives of many. A venom of hatred, division and unrest creating chaos and confusion. Sad, but oh so true! The Corona Virus was but a smoke screen to prevent all from seeing the true virus imploding not only the United States but throughout the world as well.**

Please take some time to see how Satan has managed to affect almost every faction in our lives (wokism, critical race theory, sexual education, health care, news media, social networks, immigration, over reach of government agencies, and the list goes on and on!). The information is there for you to research. The question is, *"Where can you find the truth?"* This is when you need to exercise common sense. Look at the bigger picture and yes, go directly to our Heavenly Father for the answers you are seeking! I have told you for everything there is an

opposite. Just as Satan is the master of deceit our Father is indeed the Ambassador of Truth.

I have only covered two of these rules. I will leave the rest up to you to explore on your own. In the meantime, you can take solace and comfort knowing not only is our Father, The Ambassador of Truth, He has a plan far superior to that of Satan. Yes, my dear friend, you are a part of the greatest plan on earth!

## Chapter 3

### **The Soul Catcher**

Just as there are demons who roam the earth using unsuspected victims to accomplish their evil deeds, there are those who are enlisted in our Father's army who have been sent specifically to earth for these times. All are endowed with their own unique gifts and talents. **It is imperative as soldiers in the greatest army of all time you know yourselves well. When your gifts are combined with others of like minds and spirits much will be accomplished. You, among others will help prepare the way for our Father's Kingdom to reign on earth as it is in heaven.**

Just as any human is given the gift of free will so it is the same for *Soul Catchers*. Free Will allows you to fully experience what it means to be human. What it means to make choices that are not always in your best and highest interest. This is also a part of our Father's great plan. For one cannot fully understand the challenges man's soul faces if they do not understand what the obstacles are that create barriers to the Divine. Barriers that would prove to be a most formidable force! A force that would endanger the many unsuspecting souls unaware of what was at stake (i.e. fear, materialism, technology, busyness, spiritual laziness, sickness, egotism, etc.).

We as *Soul Catchers* are here to prepare the way for our Father's Kingdom to reign on earth as it is in heaven. Those who will reign with our Father on earth are among the many souls who have been patiently waiting for this time to come when evil would exist no more. A time when peace and harmony would prevail!

Just as our Father sent his disciples out two by two to be fishers of men, **you, my dear hearts, will come to be known among those who reside in heaven as the Soul Catchers.**

## Chapter Four

### Why Me?

I am certain you among many have asked yourself this question, “*Why me?*” In point of fact, I am certain you have asked yourself this question on more than one occasion. I suppose the simplest way to answer this would be to say, “*Why not you?*” Yet, of course, that would not help you to understand your life’s purpose nor the reason behind much of what you have experienced on earth.

Who you are today in many ways is a sum total of the choices you have made throughout your lifetime. Choices that have formulated your own personal lesson plan while on earth. These lessons have helped to prepare you for your life purpose! Not a purpose that was determined once you were born, but one that was determined long before you arrived on earth.

Yes, a purpose which had been delineated in the heavens above. A purpose which you are well prepared for. In truth, your soul has been preparing for this for quite some time.

In our Father’s Kingdom time is not measured by the length of time one has on earth, but rather, over the course of many lifetimes. Many refer to this process as reincarnation, yet, in truth, it is a process of **regeneration**. Simply put, your soul never dies and so it is the physical body must regenerate itself in order to continue with his/her earthly education. An education which is ongoing whether on earth or in heaven.

Perhaps, you have heard the expression, “*He or she is an old soul*”. Think then on the old souls you have encountered on this earth! These are the souls who have been sent to earth to assist you along the way.

You will know who they are by the impact they have on your life. They have been sent to help you fulfill your soulful mission.

Knowing all this you can make sense of much that has transpired prior to this point in time! It is imperative you understand the important role assigned to all who reside on earth in these times. All are an integral part of the whole as they help prepare the way for His Kingdom to reign on earth.

*An Earth Angel is a human being who has been sent to earth to share Gods messages with the world! Yet, there are now many Soul Catchers with varying job descriptions who are here to help save as many souls as possible. In essence, to catch them before they fall.*

The long and the short of it is you, among many, have been chosen for these times! You no longer need to ask “*Why me?*”, instead, proclaim ***“Why not me! For all that You are, I am! You, have prepared me for what is to come and I stand ready to serve!”***

## Chapter 5

### **Do It All For Me**

Perhaps you have heard the expression *you do not need to find your life's purpose as your purpose will find you?* For some this is easier than others. When you understand **the true essence of life is to learn, to serve and to grow** only then will you grasp the true meaning of life.

It is imperative one understands the important role a soul plays, for when they do, they will discover that which is their *sole* purpose for being. Your soul is the only part of your being that, in truth, never dies. It is the part of you who longs to accomplish its mission while on earth.

As we are living in very special times it is imperative you allow your soul to assume it's rightful position, for it understands the significance of the times. These are the times you were sent for. In truth, these were the times you were meant for!

There is no task, whether great or small, that is insignificant. For it is the culmination of all these tasks that in the end will play a significant role in defeating the evil that is running rampant throughout the world today.

Every being is endowed with its own unique gifts and talents. Often, one does not fully understand the significance or value of those gifts which has been granted unto them. That which comes easily for one often, does not come easily for another. This being the case, then many do not place great value on those qualities which seem to be a natural part of who they are. Yet, it is in the sharing of these gifts with one another that much can be accomplished.

Therefore, whether ***“a butcher, a baker, a candlestick maker (whatever talent you possess) do it all for Me!”*** You have been given

all that you need to accomplish your soulful mission while on earth. **It will be easy for you to identify with your mission as you will be filled with *enthusiasm* for the task at hand. The term enthuse in Greek means: *from God!***

When you begin to understand the significant role your soul plays then, you will gravitate to that which allows your “higher self” to prevail! I cannot stress the importance of doing so at this time.

In short, mankind is indeed responsible for how man responds as he faces those situations he has not encountered before, as he faces an evil which is running rampant throughout the world. Until mankind acknowledges we are all responsible for one another, our Father’s Kingdom will not reign on earth as it is in heaven!

## Chapter 6

### **Three Strikes and You Are Out!**

Perhaps it will help to use the analogy of a baseball game to emphasize the important role you play in these times! Imagine, it is the bottom of the ninth inning of an all-important game. You understand the outcome of this game will indeed determine who will be the winner of the World Series.

So, here you are up to bat. The bases are loaded and it is up to you now! This is the crucial moment! What happens next depends on you! Even though what happens in the end is indeed a team effort it is you and you alone, who will be responsible for the final outcome. Yes, not just what will affect your team mates but will affect thousands of supporters who have been anxiously awaiting this moment in time!

Although you understand you are but one member of the team, what you do now determines the fate of many. You have one strike left and know you must grasp the precise moment in which to hit the ball. You need to make certain it sails well past the grasp of the opposing team. This requires a keen eye and the ability to determine the exact moment in which to swing the bat. What you do now is the result of all you have learned and the skills you have perfected! Skills of which some have come naturally and others which needed to be learned and perfected.

Where you are in your journey on earth has provided you with the experience you need to participate in the final battle between good and evil. Just as the batter whose performance determines the final outcome of the World Series, it is now the same for you!

Throughout your lifetime you have been allowed to experience those situations which would prepare you for these times. The lessons you

have learned will enable you to share your knowledge and wisdom with others. Not a knowledge that comes from books, but rather a knowledge that comes from a lifetime of experience. A knowledge which when exercised will result in a “higher understanding” and will contribute to the greater good of mankind!

What is at stake is more important than a World Series game as the battle between good and evil is the final series that will determine the destiny of every soul on earth.

*So, “What can I do you may ask? What can I and I alone do to make a difference in a battle of which I have no control?” You might even say, “I am not responsible for such evil, therefore, not responsible for how I respond.” Nothing could be farther from the truth!*

This is your responsibility! You cannot afford to turn a blind eye nor a deaf ear to what is now transpiring throughout the world! No more excuses my friend! The bases are loaded and the world is depending on you!

## Chapter 7

### **The Soul Catcher Defined**

What then is a *Soul Catcher*? Simply put, ***a Soul Catcher is here to save souls.*** He/she is here to catch souls before they fall! There are many souls in danger of being destroyed in these last days. The ultimate goal of Satan being to destroy as many souls as possible before his reign on earth is over.

This, of course, has been the basis of Satan's plan, having declared in the end, "*Jesus' precious souls would turn to him disavowing all that is of God.*" Yes, disavowing all that was good as every soul has been created in the Father's image.

As a Christian you are responsible for sharing the good news with your fellow man. Unfortunately, the enemy has succeeded in keeping many precious souls in the dark using that which is of the world to captivate and distract man from fulfilling his Divine purpose. A purpose which when fully executed will assist in destroying the real enemy on earth once and for all.

**You have been chosen specifically for these times and as such are endowed with all you need to fulfill your earthly mission!** As our Father's chosen soldier in the greatest battle of all time, you must be willing to use your gifts and talents for the betterment of all. No longer can mankind stand idly by as the enemy seeks to destroy all who revere the Father!

You as *Soul Catchers* must now stand up for Jesus! You must as *Soul Catchers* stand up for what you as a disciple of Christ know to be true! Although, not always comfortable to do so, **you must be prepared to speak out knowing in doing so you will stand out amongst the enemy!**

You have nothing to fear as our Father has formed a covenant with His people. You are protected by His Holy Spirit. Therefore, you can trust you will have what you need as you need it. Our Father is sufficient unto all thy needs and so it is you must trust in Him as He trusts in you!

There will be many events in the future of which Satan is the mastermind of, yet, our Father will use these events to expose that which is of the enemy! Those who have eyes to see will see the truth and whenever possible, help to enlighten those souls who are in danger of being captivated and destroyed by the enemy!

Together, with My Earth Angels, you can make a difference! **The time of sitting idly by depending on others to do your part is no longer acceptable! Simply, do what comes naturally using your God given gifts and talents for the betterment of mankind and our Father will do the rest!**

Our Father is not only the Ambassador of Truth, He is the Commander-In-Chief of the greatest army ever known to mankind. You have been given the ears to hear and so it is you must turn to Him for the answers you are seeking. He will enlighten you, providing you with that which you need to speak the truth! You must, therefore, whenever possible, alert those around you to the weapons the enemy is currently using throughout the world today!

Each and every soul is precious to our Heavenly Father. He is counting on us to be His mouth piece and to be His arms and legs in these tumultuous times. And so it is, My precious *Soul Catcher*, it is time to do your part! You have not only been given the eyes to see that which needs to be seen you have been given the ears to hear what the Holy Spirit is saying. Now you will be called upon to speak the truth! **You must be Ambassadors of Truth! It is time to speak now or forever hold your peace or the freedoms you have all enjoyed will no longer be.**

## **Chapter 8**
