Introduction

“Yes, it is true you are now living in cataclysmic times! This should not be a surprise to you as these events have been foretold since the beginning of time. There will be wars and rumors of war, nation shall rise-up-against nation and kingdom against kingdom and there shall be famines, pestilence and earthquakes. Iniquity shall abound and the love of many shall grow cold. This and much more can be found in the scriptures (Mathew 24: 6-30). You do not need scriptures now to tell you this and that much more is taking place throughout the world.

You are now a participant in the greatest battle of all time. A battle which cannot be won in the flesh for if that were the case evil would have been eradicated long ago. Yes, this is a spiritual battle that can only be won in the Spirit.

*In order to do so there are a few things you need to understand. **This is the time you have been sent for. Your soul has been preparing you for this precise moment long before your arrival on earth.** I have opened your eyes so you will be able to see that which is the reality. This heightened awareness will assist you in preparing the way for our Father’s kingdom to reign on earth as it is in heaven.*

Your body has provided you with a way and means to communicate while on earth. Now, you must relearn what you once knew to be true, that which is the reality!

***You are a spiritual being. For this reason, you have been given the eyes to see and ears to hear what mortal man cannot. The five senses (sight, sound, smell, taste and touch) afforded to the human anatomy, will not assist you in your future endeavors.** If you are to soar with the eagles in these last days you, My friend, must now hold fast on to the wings of a dove for unless you do so you will surely lose your way! I, the Holy Spirit, am here to guide you in the darkest of times. I am here to help you find your way back home!” - Holy Spirit*

CHAPTER 1

SPIRITUAL BEING

“Satan as the Master Deceiver has held My precious souls hostage for far too long. This is because that which is the reality has alluded many of My children. You are not your body as he would have you think, for to do so is much like comparing apples and oranges. There is of course no comparison.

You are a spiritual being and it is crucial mankind understand the spirit is to the soul as the heart is to the body. Without the heart man’s body cannot function. It is the same for one’s soul. When the soul has lost its ability to connect with his true life source, he then seeks outside of My kingdom for sustenance.

The human body responds to the five senses allocated to man which are used for the primary purpose of existing on earth. Along with the five senses, man identifies himself with all that is of the ego. As a spiritual being this is not reflective of who you are for, as in the case of the ego, all roads lead back to self. This self is not concerned with the greater good or whole for it bases its existence on what man has established. Standards which will help him to succeed in his worldly endeavors and pursuits. These pursuits often promote separation, chaos and confusion and most assuredly fear. These worldly pursuits create a barrier to what your soul is longing to complete. They not only create obstacles but succeed in keeping you from understanding you are indeed a spiritual being and as such have access to all that is of My kingdom.

All souls, up until this point in time, have chosen to attend the School of Life on earth. This education affords each soul an opportunity to advance in their quest for enlightenment. Yes, to draw ever closer to the mind and heart of our Heavenly Father. This school has served the Father’s purpose well, yet, soon the School of Life on earth as it exists today will cease to be.

Until this point in time, the purpose for the School of Life has been to provide an opportunity to enable mankind to learn, to serve and to grow. Earth was to provide not only a platform for learning but enable each soul to experience those instances that

would increase one's understanding of the Divine; to help one perfect what was lacking in their soulful development. Earth provided an ideal platform for learning since one could experience on earth those situations they could not experience in heaven. Satan, however, knowing this was the case would do all in his power to keep all souls from advancing in their pursuit of enlightenment. His ultimate goal was to destroy as many souls as possible prior to Jesus' return to earth.

As the Master Deceiver he has turned much of mankind away from God and as such, many souls are left floundering in the darkness unable to connect with their Heavenly Father. They have lost their ability to communicate as a spiritual being. So, it is, the School of Life can no longer continue as originally intended. Evil must now be destroyed to prepare the way for our Father's Kingdom to reign on earth as it is in heaven. Yes, there needs to be a fresh start, a new beginning, an awakening!

You, My precious soul, must now shed the trappings of the ego removing all barriers that will prevent you from exercising your higher conscience. **As a spiritual being you have access to that which mortal man has ceased to avail himself of.**

While heaven and earth are but places the Kingdom of God lies within all who accept Jesus Christ as their Lord and savior. It is crucial that you as a spiritual being turn to the kingdom within for this is where you will find the answers you are seeking.

You as a spiritual being are equipped with an inner knowing. A knowing that will soon become abundantly clear. My timing is precise! There is eternal time and time as it is calculated by earthly standards. While you have heard no man may know the hour of My return, you, as a spiritual being are henceforth being warned. The clock is ticking and it is time to let your true self emerge!

Chapter Two

The Time Is Now!

Tick tock, tick tock the clock is ticking and all must avail themselves of that which will enable them to soar with the eagles in these last days. As a spiritual being you have all that you need within you to stand strong against the enemy. As a spiritual being you have nothing to fear for fear is a tool of the enemy and is not effective against you as a spiritual being.

*You ask Me how is this? **I, the Holy Spirit, am in you and you are in Me, therefore, all that I am you are for we are one in His Spirit. All that I have access to you have as well. Many times you have heard Me say “physician heal thyself”. All healing, therefore, begins in the mind.** To thine own self be true. How can you be true to thine own self unless you accept and embrace your true identity. That being of course a spiritual being. Once you understand the magnitude of what you have at your disposal you will behave and function in accordance to your belief.*

For this is the reality. I, as the Ambassador of Truth, would not be revealing these things if they were not true. It is crucial you pay attention to what I am showing you now!

***To do so you must approach all from the inside out not from the outside in. For to seek outside of My kingdom opens the door for the enemy to enter.** You must as a spiritual being understand Satan uses that which is of the world to distract and deter My chosen! So now it is I say “no more!” Many are chosen yet far too many fall prey to the material temptations of the world. This is a spiritual battle you are currently engaged in and as a spiritual being you must maintain an offensive posture at all times.*

*It is imperative you understand what you have at your disposal. **Human beings limit that which they have always had access to. Now I am showing you the way!***

The more you seek the more you will discover within My kingdom. You only need to know where to look. There are many now who are awakening as though from a deep sleep and

together are forming a legion which Satan will not be able to withstand. For as a spiritual being you have access to that which mortal man does not!

My timing is perfect and so it is you are being made ready for what is to come. That which is super natural will become more and more apparent if you but pay attention.

There are no coincidences in these times only incidences which I am allowing. Only I know what each soul is in need of and what he is ready to accept. It is up to you to either move forward with that which you are being called to do or step aside!

Chapter Three

The New Frontier

You are here to prepare the way for My kingdom to reign on earth! In order to do so you must be willing to explore a new frontier. You must be willing to clear the path for others to follow. In order to do so you must discard old thought patterns, thereby, allowing your higher consciousness to embrace that which is the reality. It is imperative now you do not waste time looking back for this will not get you where you need to go. You must be willing now to explore that which man has feared to tread. This heightened awareness will enable you to help others to find their way in the tumultuous times ahead. You, as a spiritual being, are not restrained by your body. It is only man's mind which has limited what the spirit is capable of. The mortal body merely moves man from one place to another. It, however, is restricted in and of itself what it has access to in the physical. Yet, you as a spiritual being have never been restricted. It is only your mind that has held you captive. Now you must discard old thought patterns embracing all that until now has seemed foreign to many. The more you seek after that which is the reality, the more you will discover. Do not hesitate to explore this vast frontier. As you continue this exploration you will no longer gravitate to those things that have kept you from what you intrinsically know to be true.

This inner knowing you possess will assist you in your travels as you move ever forward. The more you explore, the more you will discover what you once knew to be true!

Chapter Four

A Call to Arms!

*Each of you have been endowed with your own unique gifts and talents. It is in the melding of these gifts you will be able to present a formidable force against the enemy. You have been told it is imperative you know yourselves well. For it is this knowing that will enable you to stand strong against the enemy. **For it is this gift you possess that the enemy will try to use against you!***

***Therefore, you must remember your gift is a double-edged sword. When you are not using your gift it is a clear sign you have been deterred by the enemy.** Now is not the time to be stagnant. I am guiding you, yet it is up to you to respond.*

I am appealing to you now to move forward with that which I am asking of each of you. Nothing ventured then nothing is gained. There are no excuses only that which you are excusing yourself from. Through Me you are capable of so much. I can move mountains!

The enemy is advancing at a rapid rate, therefore, do not sit idly by! There is no question I will not answer! You need only ask! When you exercise your higher conscience, you will avoid that which is of the adversary! So I say "if you are a butcher, a baker a candlestick maker, now is the time to do it all for Me".

You are protected by My Holy breastplate. For I have formed a covenant with thee that cannot be broken. I would not be encouraging you to move forward if you were not already equipped with all that you need.

*Therefore, **when an idea comes to mind do not hesitate. You cannot sit by and wait for others to act. Why do you not trust you are being divinely guided? As a spiritual being you must trust in what you hear.***

Chapter Five

The Prophet

Have you ever wondered how much time a true prophet spends in communion with Me? Have you ever asked then what he has at his disposal you do not? I tell you this in exact proportion to what you seek you will find.

If you truly desire more of Me, more of that which is of My Spirit, I am here. I know the measure of each of your hearts and what it is you truly desire. My prophets truly desire a relationship with Me above all else. They are endowed with free will the same as you, yet they have learned that to serve two masters opens the door for the enemy to advance. In order to hear as My prophets do, you must stop looking for quick fixes.

*Why is it when I say, over and over, you have all that you need from within you seek outside of My kingdom? Why would I give to some and not to others? Oh, how foolish mortal man has become! **For in exact proportion that you seek you will indeed find!** Do you not believe this is so? I would never withhold from My children that which they earnestly seek. Beware of false prophets! Do you not know why I say this? You have the ability to hear and know from within what is the reality. Far too many of My children confuse prophets with fortune tellers. If there is something I want you to know you will know it only if you acknowledge the kingdom within, seeking a relationship with Me. Webster defines prophet as: an inspired teacher or proclaimer of the will of God. So, I ask you then the obvious. What are you willing to leave behind?*

All souls are equipped with an inner sense of knowing. Mankind labels this as intuition. Yet, far too many now ignore that which their spirit is alerting them to seeking answers outside of themselves. This is because man has not cultivated this deeper sense.

All of mankind is endowed with what mankind labels as a sixth sense. Unfortunately, because this sense is not cultivated, man has limited his ability to communicate as a spiritual being.

I, the Holy Spirit, am the conduit to the Divine. The more time you spend in communion with Me the stronger our communication will become! Just as in any relationship, what you seek after you will find! I have shown you where and how you can find Me, now, it is up to you to accept this reality!

When you do so you will have all you need within you to protect you from the enemy. As a spiritual being you are far superior to any weapon used against you. I am shielding you with the white light of purity. Do not hesitate to explore this new frontier. You will discover there is a new world on the horizon!

Go forth trusting it is always darkest before the dawn! Trust now in your true heritage and when you do so you will know what to do and when to do it! This is who you are and so it is you as a spiritual being have all you need within you to stand strong against the enemy!

Simply hold on to the wings of a dove and you can be assured you can and will soar with the eagles!"

In Summary

1. *You are a spiritual being. You are not your body. You were given the five senses while on earth to further your education here. The school of life will be ending soon and these senses are of no use in Heaven. The only sense you come in and leave this world with is the sixth sense, your Divine sense.*

2. *The Kingdom of God resides within you. You have access to all that you need 24 hours a day. The more time you spend communing with the Holy Spirit the more you will learn and remember. He will answer all your questions but you must spend time with Him and trust in what you hear. **It is better to be than to do!** Be Mindful and respond as the Spirit dictates. He will guide you!*

3. *It is time to understand who you are and what is your purpose. We have all been given special gifts and talents to fulfill our*

heavenly purpose. To defeat Satan we must all unite these gifts. There is no place for the ego in this battle. This battle will only be won in the spirit! Not in the flesh!

4. The School of Life is ending. It is now time to step up and complete your heavenly mission. The Lord will protect you!

5. Protect your mind! What you do comes from what you think! Elevate your higher consciousness.

SPIRIT, MIND, BODY!

I CONTROL MY BODY, MY BODY DOESN'T CONTROL ME!

Be mindful, trust and believe...

"I AM GUIDING YOU!"

I AM LEADING YOU HOME!"

**Joyfully,
Wendy & Jillian**

Questions for Thought:

1. In order for the world to change for the better what do you believe needs to be different?
2. What are your God-given gifts and talents and how can you use them to make a difference in our world today?
3. Knowing you are a spiritual being and that the Holy Spirit dwells within you, what would you do differently to approach life from the *inside out versus the outside in*? Who and what is your internal compass?
4. How do you know if it is the Holy Spirit who is talking to you?
5. To thine own self be true! Why is it important to know yourself well?
6. What does it mean when the Holy Spirit says, " *your gifts can be used as a double edge sword?*"
7. What is the purpose of the School of Life on earth and why must it end?

8. What characteristics enabled Columbus to discover America? What characteristics did Lewis and Clark possess in order to embark and emblaze on a ***new frontier*** for others to follow? What Characteristics do you possess?

9. Knowing what you know now would you consider those things you once thought of as a coincidence, now, a miracle?

10. Are you a person who goes along to get along with others or are you able to keep your feet firmly planted and be led by the Holy Spirit?

11. Knowing the Kingdom of God reigns within you, where can you go to find the peace which surpasses all human understanding?

12. Why does the Holy Spirit say, "*It is better to be than to do?*"

13. What are you willing to leave behind?
