TSG – Technical Skills Generation Program Description

TSG is a training program for young persons* in the workings of a "REAL INFORMATION TECHNOLOGY WEB/APP DESIGN BUSINESS"! (On the Job Training)

Training in such subject matter if it was available would-be worth thousands of dollars.

TSG Team members will be certified as having delivered technology to a "REAL BUSINESS" and will be able to use the as "REAL" experience on their own Resume!

TSG coordinators are technology industry professionals of multiple years in large and small companies

TSG graduates will be eligible to be coordinators for future programs and potentially technology jobs.

Specialized training sessions and instructional presentations will be provided during the program.

NO COST to APPLY, meets 1-2 times monthly. Supplies included.

First Resume opportunity to FCS members and family and friends of FCS members.

A REAL, HANDS ON, BUSINESS IN WEB SITE SUPPORT. New and exciting opportunity for success

*could be applied to older persons…
