

## Traditionals

The very first stand-alone instruments developed, Traditionals have been around sailing circles for over a decade. They are easy to use; have large LCD readouts, and offer exceptional value, reliability and performance.

SL 11 KNOTMETER

- Self-powered Knotmeter
- 0-12 knot scale
- Red night-lighting
- Complete with sensor and all hardware

SL 254 WIND SYSTEM

- Analog wind direction
- LCD windspeed readout: 0-99 knots
- Hydraulically dampened masthead unit
- Red night-lighting
- Complete with sensor, 80' cable and hardware

SL 172 DEPTHSOUNDER

- Large LCD readout
- 3-200 feet in 1/10th increments
- Keel offset: 0-7'
- Shallow water alarm
- Red night-lighting
- Complete with transducer and all hardware

SL 267A KNOTLOG

- Large LCD Readout
- 0-99 knots 1/100 increments
- Trend indicator
- Variable/adjustable speed averaging
- Log readout: 0-9999 nautical miles
- Red night-lighting
- Complete with sensor and all hardware
