WHAT WE DO

BUYER PROGRAM

TradeRiver Buyers are in a cash position and can release full payment to their suppliers at any point they wish in the supply chain. The Buyer Program is a trade facility based on the credit strength of the buyer.

SELLER FIRST PROGRAM

TradeRiver Sellers transact seamlessly and receive early payment for 100% of invoice in their preferred currency. The Seller First Program is a trade facility based on the credit strength of the end buyer.

SUPPLY CHAIN FINANCE PROGRAM

The Supply Chain Finance Program provides clients with a platform to fund vendor payments based upon the credit strength and repayment commitment of their end customers. The process bridges gaps in the Accounts Payable to Accounts Receivable (A/P-A/R) revenue cycle.
