The Market Is Ending...But OD Greens Is Open For Business

I've gotten a lot of questions about how to buy our produce when the Willoughby Market ends on 10/26. The short answer is CSA!

Community Supported Agriculture allows the community to support local farmers through buying a produce "subscription" in advance. The pricing structure on the

CSA packages have the 3 lettuce for \$6 deal you are used to from the farmers market factored in. So you will continue to get great value on our delicious produce.

You have multiple options!

1/2 Share = 3 lettuces and 1 basil each week

Full Share = 6 lettuces and 2 basil each week

You can purchase either size share at 3 month, 6 month, and 12 month periods. The longer the investment, the more savings you earn!

CSA members will get priority and their orders will be filled before any individual orders. PERKS! Because of your loyalty and continued support of OD Greens.

Payments can be completed through the online store, cash, check, or Venmo are also accepted.

Learn More About Our CSA

Of course we know this is a big commitment on your part. If you still would like to purchase individual plants each week you can still do that!

CSA members can purchase extras through this method as well. Lets say, if you need micro greens, a specific type of basil, arugula, or you are having a holiday party and need a big-fresh-delicious-locally grown salad!

It is recommended that you pay for your produce online so you can pick up your order on Saturdays without any exchange of money.
